Section 1 – Introduction

This directory provides a list of SeniorHealth Benefit Plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your Primary Care Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Select your PCP only from the doctors, nurse practitioners, and physician assistants listed in the Primary Care Providers section of this directory. Your PCP works within a network of care. All providers seen must be within your PCP’s network. There are two networks to choose from, Regional Medical Center Network and the Community Provider Network. All doctors from these two networks are in the Provider Directory. Members of SeniorHealth Basic may only choose a provider from the Regional Medical Center Network. Members of SeniorHealth Plus may choose a primary care provider from the Regional Medical Center Network or the Community Provider Network. Once you choose a PCP, you will need to get your care within the same network as your PCP’s. If you do not choose a PCP, one will be assigned to you. If you prefer a different PCP or health center or have any questions about your membership, please call our Member Services Department at 1-877-6761-6230 (press 2), 8:00 AM to 5:00 PM, Monday through Friday, We will help you choose another provider that suits your needs.

SeniorHealth Plus members also have a limited pharmacy benefit limited to the five classes not covered by Part D. The pharmacies listed below can be used for these benefits. For SeniorHealth Plus members with a separate Part D Pharmacy program, please use the pharmacies available under that program.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Please contact our Member Services department to change your PCP or to receive additional information on other providers within your network.

As a member of a cost plan, you may use plan and non-plan providers. However, if you use non plan providers you are responsible for your out of pocket cost sharing. If you obtain routine care from out-of-network providers Contra Costa Health Plan is not responsible for the costs. You may have to pay Medicare coinsurance and deductibles in this case.
