How to Register an Out-of-Hospital Birth in Contra Costa County

Please call 925-313-1125 for an appointment to register your baby’s birth.

When a birth occurs outside a hospital, the physician or midwife who attended the birth – or in the absence of a physician or midwife, the parents – must register the birth.

This packet contains an important worksheet which the physician, midwife, or parents must complete and take to their local health department within 10 days of the birth. This worksheet and affidavit will be used to register the baby’s birth.

- What You Need to Know About Your Child’s Birth Certificate – *English*
- What You Need to Know About Your Child’s Birth Certificate – *Spanish*
Dear Parents:

Congratulations to you and your newborn baby!

We want to help you register your baby’s birth and get a birth certificate. We are offering this help because you did not give birth in a hospital – where hospital staff would have registered the birth. If a physician or certified nurse midwife/licensed midwife attended the birth, he or she may help you complete the enclosed worksheet.

Please read this pamphlet very carefully. It will walk you through the process of registering your baby’s birth.

This pamphlet includes a worksheet that must be completed and taken to your appointment within 10 days of the birth.

Chief Deputy Registrar
Vital Records
Dear Physician or Midwife:

We understand you recently attended the birth of a child outside of a hospital. Health and Safety Code Section 102415 requires that you register the birth of this child with the local health department.

This pamphlet provides instructions on how to register the birth. It also contains an important worksheet that must be completed to register the birth.

1. Please read the pamphlet carefully, complete the Worksheet for Out-of-Hospital Births, the Affidavit of Birth Information for Out-of-Hospital Births, and gather the necessary documents related to the birth.

2. Call our office to schedule an appointment to register the birth (the phone number is on the cover of this pamphlet).

3. Share the worksheet with the parent(s) of the child prior to the registration appointment so they can help in gathering worksheet information.

4. Please advise the parents that they need to visit this office to sign the birth certificate. Although we suggest that the parents sign the certificate at the time of the appointment, a separate appointment can be made to accommodate their schedule.

The birth will not be registered until all signatures are in place.

By law, the birth certificate must be registered within 10 days of the birth (Health and Safety Code Section 102400).

The following page provides options available for registering the birth.

Thank you for your time and help in registering the birth of this child.

Chief Deputy Registrar
Vital Records
Physicians and Midwives: Following are different options that are available for registering the birth of the child:

<table>
<thead>
<tr>
<th>If . . .</th>
<th>Then . . .</th>
</tr>
</thead>
</table>
| You want your signature and typed name and title on the birth certificate | 1. Fill out the Worksheet for Out-of-Hospital Births and Affidavit of Birth Information for Out-of-Hospital Births (attached) and bring them to your appointment.  
2. Call our office to schedule an appointment to come in and complete your portion of the certificate.  
3. Inform the parents that they need to come to our office to sign the certificate. They can come in at the same time as you, or a separate appointment can be made to accommodate their schedule. |
| You want your typed name and title on the birth certificate (But your signature will not be included) | 1. Fill out the Worksheet for Out-of-Hospital Births and Affidavit of Birth Information for Out-of-Hospital Births (attached) and give them to the parents.  
2. Refer the parents to the instructions in this pamphlet.  
3. Instruct the parents to bring your signed Affidavit and other evidence to prove the five facts listed below to our office to register the birth:  
   a. Identity of parent(s)  
   b. Pregnancy of the mother  
   c. Baby was born alive  
   d. Birth occurred in the county where the birth certificate is to be registered  
   e. Identity of the witness  
   **Note:** The signed Affidavit from a physician or midwife is sufficient evidence to prove b, d, and e, but the parents will still need to provide evidence for facts a and c.  
4. Upon review and acceptance of the Affidavit, the clerk will type your name and title on the birth certificate (item 13D). However, the signature box (item 13A) will state “Unavailable.” |
| You do not want your signature or typed name and title on the birth certificate | 1. Refer the parents to the instructions in this pamphlet.  
2. Inform the parents that without a signature from a physician or midwife on the birth certificate, they will need to provide evidence of the five facts listed above. |
## Questions Frequently Asked by Parents

<table>
<thead>
<tr>
<th>Why do I need to register my baby’s birth?</th>
</tr>
</thead>
<tbody>
<tr>
<td>You need to register your baby’s birth to comply with state law. Registering the birth is the only way to create a permanent legal record of the birth. For babies not born in a hospital, California law requires the physician or midwife who attended the birth – or in the absence of a physician or midwife, either one of the parents – to register the birth of a baby born in California (Health and Safety Code Section 102415). You also need to register the birth to obtain an official birth certificate. During your child’s life, he or she will need an official birth certificate (certified copy) to:</td>
</tr>
<tr>
<td>- Obtain a Social Security Number</td>
</tr>
<tr>
<td>- Enroll in School</td>
</tr>
<tr>
<td>- Register to Participate in Sports</td>
</tr>
<tr>
<td>- Apply for a Driver’s License</td>
</tr>
<tr>
<td>- Travel or Obtain a Passport</td>
</tr>
<tr>
<td>- Apply for Various Benefits (Social Security, Military)</td>
</tr>
<tr>
<td>Birth certificates are also valuable to establish:</td>
</tr>
<tr>
<td>- Proof of Parentage</td>
</tr>
<tr>
<td>- Identity</td>
</tr>
<tr>
<td>- Inheritance Rights</td>
</tr>
<tr>
<td>- Citizenship</td>
</tr>
<tr>
<td><strong>A certified copy of a birth certificate is a legal record of your child’s birth. Certified copies are recognized in any court.</strong></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>When should I register my baby’s birth?</th>
</tr>
</thead>
<tbody>
<tr>
<td>By law, you must register the birth of your baby within 10 days of the birth (Health and Safety Code Section 102400). There is no fee to register the birth within the first year.</td>
</tr>
<tr>
<td>Any birth registered on or after the child’s first birthday must be processed by California Department of Public Health Vital Records as a Delayed Registration of Birth (there is a $23 registration fee after the first year). If you cannot meet the requirements for a Delayed Registration of Birth, you will have to apply to your local Superior Court for a Court Order Delayed Registration of Birth. Out-of-hospital births are harder to register the longer you wait after the date of the birth.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Who should register my baby’s birth?</th>
</tr>
</thead>
<tbody>
<tr>
<td>When a baby is born at home or elsewhere outside a hospital, the physician or midwife who attended the birth – or in the absence of a physician or midwife, either one of the parents – is responsible for registering the birth with the local health department in the county where the birth occurred.</td>
</tr>
</tbody>
</table>
**How can I make sure the certificate is completed correctly?**

*Please review your baby’s birth certificate for accuracy before signing it.* Never sign a blank birth certificate – the person completing it may make errors. Once the record has been registered, any corrections (such as misspellings or omissions) must be made through California Department of Public Health Vital Records, and a fee may be charged. The processing time for amendments can be located on our website at: [http://www.cdph.ca.gov/certlic/birthdeathmar/Pages/ProcessingTimes.aspx](http://www.cdph.ca.gov/certlic/birthdeathmar/Pages/ProcessingTimes.aspx)

**What if there is an error on the birth certificate?**

(Refer to the attached flyer, “What You Need to Know About Your Child’s Birth Certificate”)

After your baby’s birth certificate has been registered, the original certificate (with the exception of gender error) cannot be changed. Errors can only be corrected by filing an Affidavit to Amend a Record (VS 24 form), which is available from your local health department, or from California Department of Public Health Vital Records.

When accepted, the affidavit will be attached to the original certificate and will become part of the legal birth record (the birth certificate will become a two-page document – the original birth certificate, and the affidavit). The original certificate is not changed.

If there is a gender error on the birth certificate, contact your local health department for instructions on how to correct the error.

**What if part (or all) of my baby’s name was left off the birth certificate?**

After your baby’s birth certificate has been registered, the original certificate cannot be changed. If part (or all) of the baby’s name was left off the birth certificate, and you want to add the baby’s name, you must complete either a Supplemental Name Report – Birth (VS 107 form), or an Affidavit to Amend a Record (VS 24 form). These forms are available from your local health department, or from the California Department of Public Health – Vital Records.

When accepted, the application or affidavit will be attached to the original certificate and will become part of the legal birth record (the birth certificate will become a two-page document). The original certificate is not changed.

**Note:** If you want to change your child’s name after the birth has been registered, you may need to obtain a court order.

For amendments made within one year of the child’s birth, there is no processing fee. For amendments made one year or more after the child’s birth, there is a $23 processing fee.
### How can I get a certified copy of the birth certificate?

You will not automatically receive a copy of your baby’s birth certificate. Once the birth is registered, you can request a certified copy of the birth certificate from the Local Health Department in the county where your child was born, or from California Department of Public Health Vital Records.

A fee is charged for each certified copy requested.

### How can I get a Social Security number for my child?

You can get a Social Security number for your child by contacting the nearest Social Security office. There is *never* a charge for a social security number and card from the Social Security Administration. For more information about Social Security, contact your nearest Social Security Office or call (800) 772-1213 (toll-free). This phone number will provide you with prerecorded information at any time – attendants are available only from 7 a.m. to 7 p.m. (Pacific Standard Time) on any business day. You can also access Social Security’s website at: [www.socialsecurity.gov](http://www.socialsecurity.gov).

### Who collects the information on the birth certificate?

The information you enter on the enclosed worksheet will be transferred to the Certificate of Live Birth (VS 10D) and collected by the California Department of Public Health, Vital Records. This information is required by Division 102 of the Health and Safety Code.

### Am I required to complete every part of the worksheet?

You must complete each field of information on the Worksheet for Out-of-Hospital Births, except for the fields between the double bold lines in the center of the front page. We ask that you provide this optional information as well, so that the records are complete – but you are not required to do so. The information marked “medical data” will not be transcribed onto the actual hard copy of the birth certificate. This information will also not be disclosed or available to anyone except to the California Department of Public Health and the federal government and will be used for demographic and statistical analysis only without any personal identifying information. (Health and Safety Code Section 102426.)

The voluntary fields, which apply to information for both the mother and father, are:

- Race and Ethnicity
- Education
- Usual Kind of Business or Industry
- Usual Occupation
- Social Security Numbers
- Date Last Worked

(Continued)
For births not attended by a physician or midwife, there are also three voluntary fields (see asterisks on the worksheet) which apply to medical data:

- Complications and procedures of pregnancy and concurrent illnesses
- Complications and procedures of labor and delivery, and
- Abnormal conditions and clinical procedures related to the newborn

These three fields are required for physician- or midwife-attended births. They are, however, voluntary if the parents are registering the birth.

The California Department of Public Health collects birth information for conducting research relating to the health status of California’s population.
**Instructions for Registering the Birth**

<table>
<thead>
<tr>
<th>Action required before appointment with local health department</th>
</tr>
</thead>
<tbody>
<tr>
<td><em>Complete the enclosed “Worksheet for Out-of-Hospital Births” before your appointment with the local health department.</em></td>
</tr>
</tbody>
</table>

The enclosed worksheet will be used to register the baby’s birth and prepare the birth certificate. Fill out the worksheet accurately with facts as of the day the baby was born. We prefer that all items be completed or accounted for, including the public health data portion of the worksheet.

If the birth was attended by a physician or midwife, he or she should complete form VS 10A (attached), which provides supplemental medical information.

Contact our office if you have any questions regarding registering your baby’s birth.

<table>
<thead>
<tr>
<th>Declaration of Paternity</th>
</tr>
</thead>
<tbody>
<tr>
<td>If the mother and father are not married to each other, the father’s name cannot be listed on the birth certificate unless both the mother and father sign a voluntary Declaration of Paternity (CS 909) before the birth certificate is prepared.</td>
</tr>
</tbody>
</table>

Call the Department of Child Support Services (1-866-249-0773) or your local health department if you have any questions or need to obtain forms.

<table>
<thead>
<tr>
<th>Evidence required</th>
</tr>
</thead>
<tbody>
<tr>
<td><em>This section applies only if a physician or midwife was not in attendance at the birth, and the parents are registering the birth.</em></td>
</tr>
</tbody>
</table>

Please bring to your appointment evidence to prove five facts:

1. Identity of the parent(s)
2. Pregnancy of the mother
3. Baby was born alive
4. Birth occurred in California
5. Identity of the witness

Additional information about these five items is provided below.
Identity of the Parents

A valid picture identification card issued to the parents by a government agency must be provided to prove identity. Following are some recommended documents that can be used (only the original or a certified copy is acceptable):

- A driver’s license or identification card issued by a United States (U.S.) Department of Motor Vehicles Office.
- U.S. passport.
- U.S. military identification card.
- Temporary resident identification card (green card).
- Other valid picture identification card issued by a foreign government. (If the parents gave birth in California but are not here legally, they may be able to get identification verification from their consulate.)

Pregnancy of the Mother

To prove the pregnancy of the mother, provide a pregnancy test verification form or a letter that meets all of the following conditions:

- From a doctor, midwife, or clinic.
- Written on the doctor’s, midwife’s, or clinic’s official stationery (not on a prescription pad).
- Signed (not stamped) by the doctor, midwife, or clinic representative or nurse.
- Contains the current issued professional license number of the physician or midwife who signed the letter.

The letter must include all of the following information:

- The mother’s name.
- The date the mother was first seen by the doctor or midwife (this date may be after the date of birth).
- The results of the mother’s prenatal or postpartum exams or pregnancy tests.
Evidence required (Continued)

- The date of the mother’s last menstrual period.
- The date the baby was born, or was expected to be born (due date).

**Baby was Born Alive**

- Bring the baby to the appointment.
- The appointment will not be conducted if the baby is not present.

**Birth Occurred in California**

We need information showing that the mother was in California on the date that the birth occurred. Documentation to confirm the mother’s presence in California on the date the birth occurred may include any of the following:

- If the birth occurred at the mother’s residence, provide an electric power, natural gas, or water bill for the period when the birth occurred. The copy of the bill (or statement from the company) must include the name of the utility company, the address of the residence where the birth occurred, and the name of the mother or father (if he is listed on the birth certificate).

- An affidavit from someone who was with the mother at the time of the baby’s birth. The affidavit must contain the address of the person with the mother, and the location of the birth.

- A current rent receipt or other similar document that shows the mother’s name and current address.

- A statement from a state or local government agency that requires proof of residency in California that the mother was receiving services on the date of the baby’s birth (e.g., WIC or Medi-Cal).

**Identity of the Witness**

If a physician or midwife did not attend the birth, and if a witness did attend, the witness should accompany you to the appointment. A witness may include any of the following:

- Spouse or other family member.
- Friend.

(Continued)
If a paramedic or fire department staff was present at the birth, you can get a copy of the official report stating the treatment or service they provided (there may be a fee for the report.) The staff does not have to be present at the appointment, nor do you have to bring a copy of their identification.

If the paramedic arrived after the baby’s birth, bring a copy of the 911 call or an official report of the contents of the 911 call, along with a copy of the paramedic’s report.

- If the paramedic cut the cord, or was present when the cord was cut, the report should so state.
- If the paramedic delivered the placenta, the report should so state.

**Valid ID for Witness:** A valid picture identification card issued to the witness by a government agency must be provided to prove identity. Following are some recommended documents that can be used (only the original or a **certified** copy is acceptable):

- A driver’s license or identification card issued by a United States (U.S.) Department of Motor Vehicles Office.
- U.S. passport.
- U.S. military identification card.
- Temporary resident identification card (green card).
- Other valid picture identification card issued by a foreign government. (If the witness is not in California legally, he or she may be able to get identification verification from their consulate.)

---

**Verification**

The local health department may verify the accuracy of all information provided to register an out-of-hospital birth.

**Registrar’s right to refuse to register birth**

If the requirements of Health and Safety Code Section 102415 and of the enclosed registration packet or other bona fide evidence are not presented to the registrar, then the registrar must refuse to register the birth certificate. In these cases, the birth certificate may be registered only by authority of a Superior Court. (Health and Safety Code Section 103450.)
**Valid ID for physician/midwife**

The physician or midwife must provide written documentation of their identity at the time they sign the birth certificate.

A valid picture identification card issued by a government agency must be provided to prove identity. Following are some recommended documents that can be used (only the original or a certified copy is acceptable):

- A driver’s license or identification card issued by a United States (U.S.) Department of Motor Vehicles Office.
- U.S. passport.
- U.S. military identification card.

The physician or midwife must also provide their professional license number for verification purposes.
This Affidavit is to be Completed at the Local Health Office

I swear or affirm that the information stated is true and correct to the best of my knowledge and belief. I certify that the child named herein was born alive to the stated mother at the place, date, and time shown on this worksheet.

This worksheet was completed with the understanding that the facts so stated herein afford a full, complete, and truthful representation of facts and what my testimony shall be should I be asked or directed to testify to the facts herein in a court of law. I realize that any false statement of facts or information made herein could subject me to the risk of criminal liability, including, but not limited to, prosecution for perjury.

Privacy Notification

The information entered on the worksheet will be transferred to the Certificate of Live Birth (VS 10D) and will be collected by the California Department of Public Health Vital Records, 1501 Capitol Avenue, M.S. 5103, P.O. Box 997410, Sacramento, CA 95899-7410, telephone number (916) 445-2684. This information is required by Division 102 of the Health and Safety Code. Every element on the worksheet is mandatory, except the items between the double bold lines on the first page of the worksheet. Failure to comply by every person, except a parent informant, is a misdemeanor. The Certificate of Live Birth is open to public access except where prohibited by statute. The principal purposes of this record are to: 1) Establish a legal record of each vital event, 2) Provide certified copies for personal use, 3) Furnish information for demographic and epidemiological studies, and 4) Supply data to the National Center for Health Statistics for federal reports. The father’s and the mother’s Social Security numbers are included pursuant to Section 102425 (b) (14) of the Health and Safety Code, and may be used for child support enforcement purposes.

See reverse side for codes to Birth Items 30 and 31 and Fetal Death Items 34 and 35.

Do not enter any identification by patient name or number on this worksheet. Discard after use.

Do not retain the worksheet in the medical records or submit with the “Certificate of Live Birth or Fetal Death.”
### Item 30 (Birth)  
**COMPLICATIONS AND PROCEDURES OF LABOR AND DELIVERY**  
(Enter up to 9 codes, separated by commas, for the most important complications/procedures.)

#### ONSET OF LABOR
- 10 Premature rupture of membranes (≥ 12 hours)
-  7 Precipitous labor (< 3 hours)
- 8 Prolonged labor (≥ 20 hours)

#### CHARACTERISTICS OF LABOR AND DELIVERY
- 11 Induction of labor
- 12 Augmentation of labor
- 32 Non-vertex presentation
- 34 Antibiotics received by the mother during labor
- 35 Clinical chorioamnionitis diagnosed during labor or maternal temperature ≥ 38°C (100.4°F)
- 19 Moderate/heavy meconium staining of the amniotic fluid
- 36 Fetal intolerance of labor such that one or more of the following actions was taken: in-utero resuscitative measures, further fetal assessment, or operative delivery
- 37 Epidural or spinal anesthesia during labor
- 25 Mother transferred for delivery from another facility for maternal medical or fetal indications

### Item 31 (Birth)  
**ABNORMAL CONDITIONS AND CLINICAL PROCEDURES RELATING TO THE NEWBORN**  
(Enter up to 10 codes, separated by commas, for the most important conditions/procedures.)

#### CONGENITAL ANOMALIES (NEWBORN OR FETUS)
- 1 Anencephaly
- 2 Meningomyelocele/Spina bifida
- 76 Cyanotic congenital heart disease
- 77 Congenital diaphragmatic hernia
- 78 Omphalocele
- 79 Gastrochisis
- 80 Limb reduction defect (excluding congenital amputation and dwarfing syndromes)
- 28 Cleft palate alone
- 29 Cleft lip alone
- 30 Cleft palate with cleft lip
- 57 Down’s Syndrome—Karyotype confirmed
- 81 Down’s Syndrome—Karyotype pending
- 82 Suspected chromosomal disorder—Karyotype confirmed
- 83 Suspected chromosomal disorder—Karyotype pending
- 35 Hypospadias
- 88 Aortic stenosis
- 89 Pulmonary stenosis
- 90 Atresia
- 62 Additional and unspecified congenital anomalies not listed above

### Item 34 (Fetal Death)  
**COMPLICATIONS OF LIVER BIRTH AND FETAL DEATH**  
**—MEDICAL DATA SUPPLEMENTAL WORKSHEET** (Continued)

#### ABNORMAL CONDITIONS AND CLINICAL PROCEDURES RELATING TO THE FETUS  
(Enter up to 10 codes, separated by commas, for the most important complications/procedures.)

### Item 35 (Fetal Death)  
**ABNORMAL CONDITIONS AND CLINICAL PROCEDURES RELATING TO THE FETUS**  
(Enter up to 10 codes, separated by commas, for the most important conditions/procedures.)

#### CONGENITAL ANOMALIES (NEWBORN OR FETUS)
- 1 Anencephaly
- 2 Meningomyelocele/Spina bifida
- 76 Cyanotic congenital heart disease
- 77 Congenital diaphragmatic hernia
- 78 Omphalocele
- 79 Gastrochisis
- 80 Limb reduction defect (excluding congenital amputation and dwarfing syndromes)
- 28 Cleft palate alone
- 29 Cleft lip alone
- 30 Cleft palate with cleft lip
- 57 Down’s Syndrome—Karyotype confirmed
- 81 Down’s Syndrome—Karyotype pending
- 82 Suspected chromosomal disorder—Karyotype confirmed
- 83 Suspected chromosomal disorder—Karyotype pending
- 35 Hypospadias
- 88 Aortic stenosis
- 89 Pulmonary stenosis
- 90 Atresia
- 62 Additional and unspecified congenital anomalies not listed above

### COMPLICATIONS OF PLACENTA, CORD, AND MEMBRANES
- 38 Rupture of membranes prior to onset of labor
- 13 Abruptio placenta
- 39 Placental insufficiency
- 20 Prolapsed cord
- 17 Chorioamnionitis

### MATERNAL MORBIDITY
- 24 Maternal blood transfusion
- 40 Third or fourth degree perineal laceration
- 41 Ruptured uterus
- 42 Unplanned hysterectomy
- 43 Admission to ICU
- 44 Unplanned operating room procedure following delivery

### NONE OR OTHER COMPLICATIONS/PROCEDURES NOT LISTED
- 00 None
- 31 Other Labor/Delivery Complications/Procedures not Listed

### Item 32 (Birth)  
**COMPLICATIONS OF PLA CENTA, CORD, AND MEM BRANES**

### ABNORMAL CONDITIONS (NEWBORN OR FETUS)

### ADDITIONAL ABNORMAL CONDITIONS/PROCEDURES

### NONE OR OTHER ABNORMAL CONDITIONS/PROCEDURES NOT LISTED
- 00 None
- 75 Other Conditions/Procedures not Listed (Fetal Death Only)
CERTIFICATES OF LIVE BIRTH AND FETAL DEATH
RACE/ETHNICITY AND EDUCATION WORKSHEET (For Reference Only)

NOTICE TO INFORMANTS: Completion of this worksheet in conjunction with either the “Certificate of Live Birth” or the “Certificate of Fetal Death” is not required by state law. However, the information requested is essential for determining the health problems of the population groups noted below and your cooperation is appreciated.

1 Ounce = 28.35 Grams  
1 Pound = 453.60 Grams  
EXAMPLE: 8 Pounds, 2 Ounces = 3,686 Grams

(Out-of-Hospital Birth Registration)
WHAT YOU NEED TO KNOW ABOUT YOUR CHILD’S BIRTH CERTIFICATE

Birth Certificates Last Forever

Please be Certain the Information on the Certificate is Accurate and Complete Before You Sign It

- A birth certificate is a legal document.
- An amendment form is required to make corrections to the birth certificate.
- The birth certificate will become a two-page document if an amendment is requested after the original has been processed.
- Many changes on the birth certificate require the applicant to go to court for a court order, including reversing the order of last names (surnames).
- Parents may have problems receiving benefits, traveling on an airline, obtaining a passport or social security number for their child if the birth certificate is not true and correct.
- It can take several months to apply an amendment. The processing time for amendments can be located on our website at:
  
  [http://www.cdph.ca.gov/certlic/birthdeathmar/Pages/ProcessingTimes.aspx](http://www.cdph.ca.gov/certlic/birthdeathmar/Pages/ProcessingTimes.aspx)

Common mistakes that require amendments and/or court orders:

- Misspelled first, last and middle names of child and/or parents
- Incorrect state, country, and/or birth date of parent(s)
- Reversed order of last (family) names
- Adding extra names to parent(s) or child later
- Incorrect gender (sex) of child
- Incorrect birth date

Any errors on birth certificates cannot be corrected on the original certificate.

The original birth certificate does not change, but, in most cases, an amendment is attached to create a two-page document.

Parents:

- Please review the information on the birth certificate carefully before you sign it.
- Your signature confirms that you have reviewed the information and the facts are correct.

Amendment forms can be obtained at local health departments or county recorder’s offices.
Los Certificados del nacimiento duran para siempre. Por favor asegúrese de que la información en el certificado esté exacta y completa antes de que usted firme.

- Un certificado del nacimiento es un documento legal.
- Un formulario de enmienda es necesario para hacer correcciones al certificado de nacimiento.
- El certificado del nacimiento llegará a ser un documento de dos páginas si usted solicita una enmienda después de que el acta original se haya procesado.
- Muchos cambios en el certificado del nacimiento requieren al solicitante ir a la corte, es necesario hacer un Cambio de Nombre por medio de la Corte cuando uno cambia la orden de los nombres y apellidos.
- Padres pueden tener problemas para recibir los beneficios viajando en una línea aérea, obteniendo un pasaporte o el número del seguro social para su hijo si el certificado del nacimiento no es verdadero y correcto.
- Puede tomar unos meses para aplicar una enmienda.
- El tiempo de procesamiento de las enmiendas se puede encontrar en nuestro sitio de web:

  http://www.cdph.ca.gov/certlic/birthdeathmar/Pages/ProcessingTimes.aspx

Los comunes errores que requieren enmiendas o orden de corte:

- Nombres mal escrito como el primero, segundo y apellido de hijo y los padres.
- El estado o país o la fecha del nacimiento de los padres incorrecto.
- Orden inverso de apellidos (familia) y nombres.
- Agregando más nombres y apellidos a los nombres de los padres y el hijo después que la original se ha procesado.
- El género incorrecto de hijo
- La fecha de nacimiento incorrecto de su hijo.

| El certificado **original** del nacimiento **no cambia**, |
| Pero una enmienda hace |
| Que su acta sea |

| Un documento de **dos páginas** sea la acta original y enmienda |

- Padres revisan por favor la información en el certificado del nacimiento con cuidado antes de firmar.
- Su firma confirma que usted ha revisado la información y los hechos son correctos.

Las formas de la enmienda se pueden obtener en departamentos locales de salud o las oficinas de condado.
WORKSHEET FOR OUT OF HOSPITAL BIRTHS
PLEASE COMPLETE ALL QUESTIONS PRIOR TO YOUR APPOINTMENT

According to State Law AB 1832, in order for the father’s name to be printed on the birth certificate, the parents must be married to each other, or in a State Registered Domestic Partnership (SRDP). If the parents are not married to each other or in a SRDP, then the biological parents must sign a Declaration of Paternity form to add the father’s name to the child’s birth certificate.

Is the mother of this baby married? □ Yes □ No
Are the parents married to each other? □ Yes □ No
