The California Institute for Behavioral Health Solutions (CIBHS) DMC-ODS Waiver Training Project presents a training addressing the basic structure, services, and general operation of an organized delivery system designed on ASAM principles.

American Society of Addiction Medicine (ASAM) Criteria:
James Peck, Psy D shall provide a general overview of ASAM as well as instruction related to the proper utilization of ASAM criteria for appropriate patient placement, and guidance for utilizing ASAM criteria to determine the appropriate treatment of patients based upon their level of care. The emphasis here and throughout the ASAM training series will be the use of the ASAM Criteria as a tool for initial client placement and ongoing services at a given level of care. This training will also address the role of ASAM in medical necessity and treatment planning. ASAM thinking and concepts need to be infused throughout the system with regard to a client's treatment experience.

(This training is for a. Early Implementation)

Target Audience: California Substance Use Disorder (SUD) Treatment/Contract Providers and County Staff who are engaged in the Drug Medi-Cal- Organized Delivery System (DMC-ODS) process.
