

COMMUNICATING WITH US: MEET ALCOHOL AND OTHER DRUGS STAFF!

About Behavioral Health

Behavioral Health Services Division of Contra Costa Health Services combines Mental Health Services and Alcohol & Other Drugs Services into a single system of care. With increasing challenges in serving complex populations with multiple needs, this integration is a response to the growing desire to have improved consumer outcomes through a systems approach that emphasizes "any door is the right door," and that provides enhanced coordination and collaboration when caring for the "whole" individual. The mission of Contra Costa Behavioral Health, in partnership with consumers, families, staff, and community-based agencies, is to provide welcoming, integrated services for mental health, substance use, homelessness and other needs that promote wellness, recovery, and resiliency while respecting the complexity and diversity of the people we serve.

About Alcohol and Other Drugs

The Alcohol and Other Drugs Services (AODS) "puts people first." The mission of AODS is to advocate for alcohol and drug free communities by promoting individual and family responsibility, hope, and self-sufficiency. We welcome your input and appreciate our partnership as we work together to provide optimal services to individuals with substance use disorders. Please feel free to reach us if you have any questions, concerns, ideas, etc.
