

# COVID Testing in Contra Costa County

## Home Test Kits

Test Kits are widely available in Contra Costa County.

- Your regular healthcare provider
- State testing sites
- Pharmacies
- Major retailers like Walmart, Target, Costco & Amazon.com

Private health insurers and Medi-Cal will reimburse you or pay for up to 8 at-home test kits per month. Ask your health insurance provider for details.

- People with health insurance should see their healthcare provider or visit a State COVID Testing Site.
- Those without insurance can walk in to the County Health Centers for COVID services.
