The Contra Costa Environmental Health Division of the Contra Costa County Health Services Department, acting as the Local Enforcement Agency (LEA), is certified by the California Department of Resources, Recycling, and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within its jurisdiction. The Acme Landfill (“Facility”) operates under Solid Waste Facility Permit No. 07-AA-0002, issued by the LEA on September 18, 2001. On February 20, 2019, the LEA received an application from the Facility operator for an amendment to the Report of Facility Information (RFI). The RFI, a document that describes the design and operation of a solid waste facility, is a required component of an application for a solid waste facility permit.
As required by Section 21660.1 of Title 27 of the California Code of Regulations, the LEA is distributing this notice for the purpose of noticing the acceptance of the amendments to the RFI application package on September 6, 2019.

**Description of Proposed Changes**
The RFI amendments provide updated language and information such as updated text, revised drawings, corrected typographical errors, and providing current documents from other regulatory agencies.

**LEA Determination**
The LEA has determined that the proposed changes are acceptable and consistent with the applicable State Minimum Standards, do not conflict with the terms and conditions of the current Solid Waste Facility Permit, and are consistent with the Facility’s California Environmental Quality Act (CEQA) analysis. Pursuant to Section 21665(c) of Title 27 of the California Code of Regulations, the LEA approved the RFI amendments on September 6, 2019.

**Additional Information**
Additional information regarding the approved application is available for public review Monday through Friday, by appointment, during business hours 7:30 a.m. to 4:30 p.m. The LEA office is located at 2120 Diamond Blvd, Suite 100, Concord, California 94520.

**LEA Contact Information**
If you have any questions after reviewing the above information or would like to schedule an appointment to review the RFI Amendment package, please contact Eric Fung, Environmental Health Specialist, at (925) 608-5500 or by email at solid.waste@cchealth.org.

**Operator Contact Information**
The Facility operator, Acme Fill Corporation, may be contacted by calling Nicholas J. Farros, Sr. at (925) 228-7099 or emailing at acmefillcorp@aol.com.

**Appeal Process Information**
The LEA’s approval of the RFI Amendments may be appealed pursuant to Public Resources Code section 44307. The appeals process may be initiated by completing and timely filing a “Request for a Hearing” form. This form may be obtained by contacting the LEA office at (925) 608-5500 or online at https://www.calrecycle.ca.gov/docs/er/lea/forms/calrecycle218b970393b79a5445199e45f1148c4d9cf.pdf
