A Day of Trauma Case Studies 2016

Offered on two dates!
Thursday, June 30th
Eden Medical Center
or
Monday, July 18th
Santa Clara Valley Medical Center
8:00am - 4:30pm
The Bay Area Trauma Education Consortium (TEC) invites healthcare providers from trauma and non-trauma centers to join us for a day of trauma case studies. These case studies will be presented in an interactive format that will engage the participants in critical thinking about trauma across all practice settings. Participation in this class will enable participants to learn not only from the presenters’ experiences but also from the experiences of everyone attending the class.

The class will enable you to:
* Identify which mechanisms of injury produce specific injury patterns
* Describe physiological and pathophysiological concepts related to trauma
* Identify strategies to improve the care of trauma patients

This program is approved for 6 contact hours by the California Board of Registered Nursing Provider Number 9916 and Paramedic Number 43-4001.

REGISTRATION

Pre-registration is required.
