

Free CEUs awarded to participants who attend and successfully complete this course

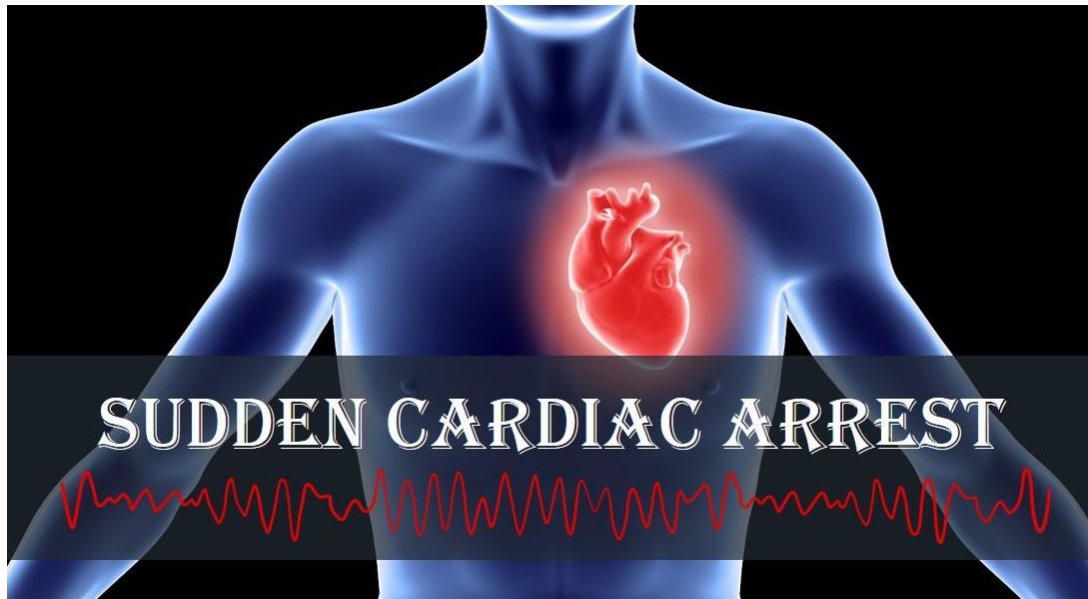

During this course, the following topics will be reviewed:

- The Contra Costa County EMS Treatment Guidelines and Policies;
- Cardiac Arrests from the first quarter 2018;
- CodeStat; and
- An introduction to CARES

At the conclusion of this course the participant will be able to:

- Recognize effective cardiac arrest management techniques;
- Summarize the cardiac arrest registry (i.e. CARES).
