DATE: May 1, 2018
TO: Contra Costa County Pre-hospital EMS Providers  
John Muir Base Hospital Staff
FROM: David Goldstein, EMS Medical Director
SUBJECT: Interfacility Transport Field Treatment Guidelines (18-BUL-003)

The EMS Agency has released the following interfacility transport (IFT) field treatment guidelines:

- **I01 – STEMI Transfer**
- **I02 – Intubated Patient Transfer**
- **I03 – Stroke Transfer**

These are preexisting treatment guidelines that were inadvertently not included with the 2018 update. There have been no changes to these guidelines. These treatment guidelines are applicable to both the 9-1-1 and non-emergency systems and are effective immediately.

Questions regarding this memorandum should be directed to ContraCostaEMS@hsd.cccounty.us.
