SERVICES

The Contra Costa County Emergency Medical Services Agency (CCCEMSA) is soliciting proposals from qualified professional consultants (“Responders”) to conduct an assessment of the current EMS System focused on the Contra Costa County Exclusive Operating Area (EOA) comprised of Emergency Response Areas (ERA’s) I, II, and V, to assist with developing and conducting a Request for Proposal (“RFP”) for exclusive emergency ambulance services in ERA’s I, II, and V, and to assist with final contractual agreement between the chosen ambulance service provider (“Bidder”) and Contra Costa County (“County”).

CURRENT PRACTICES

The County has three (3) Exclusive Operating Areas (EOAs) comprised of five (5) Emergency Response Areas (ERAs). The EOA for this RFP process includes ERAs I, II, and V. ERA’s I, II, and V encompass approximately 519 square miles and have an estimated population of 935,000.

The County conducted a competitive Request for Proposals (RFP) process in 2015, which resulted in Costa County Fire Protection District (CCCFPD) being awarded the exclusive contract for 9-1-1 Ambulance Services in ERAs I, II, and V. CCCFPD provides ambulance service through a subcontracting model where American Medical Response provides all personnel, service, and direct oversight of operations. The current contract for emergency ambulance service in the three ERAs expires December 31, 2025.

SCOPE OF WORK

CCCEMSA is seeking responses from qualified consultants to:

1. Facilitate and execute a comprehensive assessment of the current EMS system (limited to ERA’s I, II, V), including a process for stakeholder input.
2. Develop and manage a competitive RFP process for exclusive emergency ambulance service serving the EOA comprised of ERA’s I, II, and V.
3. Assist in producing an EMS system that is sustainable for the planning horizon (2030) and beyond.
4. Assist in contract negotiations with successful ambulance Bidder selected through a competitive RFP process.

This project will be conducted in three phases:

Phase 1 (July 2022 – March 2023):

This will include all work related to facilitating and executing a comprehensive assessment of the current EOA comprised of ERA’s I, II, and V, and include a process for stakeholder input. The assessment and resulting recommendations will minimally address each of the following subject areas, identifying the current state and recommended future state of each subject:

A. Use of the Medical Priority Dispatch System (MPDS®) for prioritized and tiered response and non-response.
B. Use of communications system, including dispatch and communications practices and configuration.
C. Response time and outlier performance standards, including a population-based analysis
of the existing urban, suburban, rural, and wilderness zones based upon clinically justified response times standards.

D. Clinical oversight and performance measures.
E. Deployment of ambulance response resources.
F. Integration of non-emergency ambulance service providers into the emergency ambulance response system during disasters and low-level events.
G. Evaluation of a tiered emergency ambulance response utilizing BLS and ALS.
H. Integration of bidirectional health exchange between prehospital providers and receiving facilities.
I. Recruitment and retention of highly trained and skilled paramedics and EMTs.
J. Disaster response capabilities and utilization and training of ambulance strike teams.
K. Deployment model and locations for EOA ambulances, based on call volume patterns, field-hospital interface, including specialty service providers (e.g., trauma, STEMI, stroke, pediatric).
L. Air ambulance utilization.
M. Options for transport or diversion of ambulance patient transport of 5150 patients, including assessment for the humane and safe transport of 5150 transports.
N. Options for appropriate and inappropriate sanctions/incentive structures to compel and encourage compliance with contractual standards, without causing untoward financial distress.
O. Evaluation of the establishment of an EMS fund for fines and penalties to be used for EMS system improvements as identified by the EMS Agency.
P. Data and performance reporting requirements.
Q. Within the scope of current California Code of Regulations, Title 22: assess feasibility for future community paramedic and mobile healthcare demands, including:
   a. Efficacy of on-scene treat and release including telehealth models
   b. Efficacy of alternate destinations within Contra Costa County.
   c. Efficacy of 9-1-1 triage for non-response including 911 shunt to RN advice line.
R. EMS system financial analysis, including:
   a. Evaluation of incumbent’s audited financials, including gross and net revenue from patient charges, and incumbent’s cash flow
   b. Payor mix
   c. Cost containment strategies, including evaluation of Ground Emergency Medical Transport and Rate Range Intergovernmental Transfer Supplemental Reimbursement, value based or “clinically justified” transport reimbursement models, and recommended reasonable billing rates for the first five years of the planning horizon.

Phase 2 (April 2023 – March 2024):

This will include the development and management of a competitive process for exclusive Emergency ambulance services within the EOA comprised of ERA’s I, II, and V. The RFP will be conducted with appropriate confidentiality to protect the competitive nature of the RFP. The RFP must rely on the system assessment and stakeholder feedback process. ‘Phase 2’ will be further informed by ‘Phase 1’ and will include but not be limited to the following objectives:

A. Provides exceptionally high clinical and operational quality emergency medical response throughout the EOA.
B. Ensures that the emergency ambulance service utilizes the latest technology for safe and efficient emergency ambulance response.
C. Ensure that Emergency ambulance services meets the needs of the patients at reasonable
cost.
D. Ensure that Emergency ambulance service complies with federal, state and local standards and laws.
E. Establish response time standards founded in scientific data for urban/suburban/rural/wilderness response areas, based on all MPDS® categories.
F. Provide options to assure operational, clinical, and financial transparency of selected Bidder.
G. Assure that the EMS Agency has regulatory, clinical, financial, and contractual oversight over all components of the EMS system.
H. Evaluation of the Bidder’s financial integrity and review of third-party audit of Bidder’s financials.

Phase 3 (April 2024 – November 2024):

A. Assist in the establishment of an agreement with the selected Bidder, including contract negotiations consistent with the Bidders RFP response.

Contractor warrants that it has not provided, attempted to provide, or offered to provide any money, gift, gratuity, thing of value, or compensation of any kind to obtain this Contract.

16. **Confidentiality.** To the extent allowed under the California Public Records Act, Contractor agrees to comply and to require its officers, partners, associates, agents and employees to comply with all applicable state or federal statutes or regulations respecting confidentiality, including but not limited to, the identity of persons served under this Contract, their records, or services provided them, and assures that no person will publish or disclose or permit or cause to be published or disclosed, any list of persons receiving services, except as may be required in the administration of such service. Contractor agrees to inform all employees, agents and partners of the above provisions, and that any person knowingly and intentionally disclosing such information other than as authorized by law may be guilty of a misdemeanor.

17. **Nondiscriminatory Services.** Contractor agrees that all goods and services under this Contract will be available to all qualified persons regardless of age, gender, race, religion, color, national origin, ethnic background, disability, or sexual orientation, and that none will be used, in whole or in part, for religious worship.

18. **Indemnification.** Contractor will defend, indemnify, save, and hold harmless County and its officers and employees from any and all claims, demands, losses, costs, expenses, and liabilities for any damages, fines, sickness, death, or injury to person(s) or property, including any and all administrative fines, penalties or costs imposed as a result of an administrative or quasi-judicial proceeding, arising directly or indirectly from or connected with the services provided hereunder that are caused, or claimed or alleged to
be caused, in whole or in part, by the negligence or willful misconduct of Contractor, its officers, employees, agents, contractors, subcontractors, or any persons under its direction or control. If requested by County, Contractor will defend any such suits at its sole cost and expense. If County elects to provide its own defense, Contractor will reimburse County for any expenditures, including reasonable attorney’s fees and costs. Contractor’s obligations under this section exist regardless of concurrent negligence or willful misconduct on the part of the County or any other person; provided, however, that Contractor is not required to indemnify County for the proportion of liability a court determines is attributable to the sole negligence or willful misconduct of the County, its officers and employees. This provision will survive the expiration or termination of this Contract.

19. **Insurance.** During the entire term of this Contract and any extension or modification thereof, Contractor shall keep in effect insurance policies meeting the following insurance requirements unless otherwise expressed in the Special Conditions:

a. **Commercial General Liability Insurance.** For all contracts where the total payment limit of the contract is $500,000 or less, Contractor will provide commercial general liability insurance, including coverage for business losses and for owned and non-owned automobiles, with a minimum combined single limit coverage of $500,000 for all damages, including consequential damages, due to bodily injury, sickness or disease, or death to any person or damage to or destruction of property, including the loss of use thereof, arising from each occurrence. Such insurance must be endorsed to include County and its officers and employees as additional insureds as to all services performed by Contractor under this Contract. Said policies must constitute primary insurance as to County, the state and federal governments, and their officers, agents, and employees, so that other insurance policies held by them or their self-insurance program(s) will not be required to contribute to any loss covered under Contractor’s insurance policy or policies. Contractor must provide County with a copy of the endorsement making the County an additional insured on all commercial general liability policies as required herein no later than the effective date of this Contract. For all contracts where the total payment limit is greater than $500,000, the aforementioned insurance coverage to be provided by Contractor must have a minimum combined single limit coverage of $1,000,000.

b. **Workers' Compensation.** Contractor must provide workers' compensation insurance coverage for its employees.

c. **Certificate of Insurance.** The Contractor must provide County with (a) certificate(s) of insurance evidencing liability and worker's compensation insurance as required herein no later than the effective date of this Contract. If
Contractor should renew the insurance policy(ies) or acquire either a new insurance policy(ies) or amend the coverage afforded through endorsement to the policy at any time during the term of this Contract, then Contractor must provide (a) current certificate(s) of insurance.

d. **Additional Insurance Provisions.** No later than five days after Contractor’s receipt of: (i) a notice of cancellation, a notice of an intention to cancel, or a notice of a lapse in any of Contractor’s insurance coverage required by this Contract; or (ii) a notice of a material change to Contractor’s insurance coverage required by this Contract, Contractor will provide Department a copy of such notice of cancellation, notice of intention to cancel, notice of lapse of coverage, or notice of material change. Contractor’s failure to provide Department the notice as required by the preceding sentence is a default under this Contract.

**20. Notices.** All notices provided for by this Contract must be in writing and may be delivered by deposit in the United States mail, postage prepaid. Notices to County must be addressed to the head of the county department for which this Contract is made. Notices to Contractor must be addressed to the Contractor's address designated herein. The effective date of notice is the date of deposit in the mails or of other delivery, except that the effective date of notice to County is the date of receipt by the head of the county department for which this Contract is made.

**21. Primacy of General Conditions.** In the event of a conflict between the General Conditions and the Special Conditions, the General Conditions govern unless the Special Conditions or Service Plan expressly provide otherwise.

**22. Nonrenewal.** Contractor understands and agrees that there is no representation, implication, or understanding that the services provided by Contractor under this Contract will be purchased by County under a new contract following expiration or termination of this Contract, and Contractor waives all rights or claims to notice or hearing respecting any failure to continue purchasing all or any such services from Contractor.

**23. Possessory Interest.** If this Contract results in Contractor having possession of, claim or right to the possession of land or improvements, but does not vest ownership of the land or improvements in the same person, or if this Contract results in the placement of taxable improvements on tax exempt land (Revenue & Taxation Code Section 107), such interest or improvements may represent a possessory interest subject to property tax, and Contractor may be subject to the payment of property taxes levied on such interest. Contractor agrees that this provision complies with the notice requirements of Revenue &
Taxation Code Section 107.6, and waives all rights to further notice or to damages under that or any comparable statute.

24. **No Third-Party Beneficiaries.** Nothing in this Contract may be construed to create, and the parties do not intend to create, any rights in third parties.

25. **Copyrights, Rights in Data, and Works Made for Hire.** Contractor will not publish or transfer any materials produced or resulting from activities supported by this Contract without the express written consent of the County Administrator. All reports, original drawings, graphics, plans, studies and other data and documents, in whatever form or format, assembled or prepared by Contactor or Contractor’s subcontractors, consultants, and other agents in connection with this Contract are “works made for hire” (as defined in the Copyright Act, 17 U.S.C. Section 101 et seq., as amended) for County, and Contractor unconditionally and irrevocably transfers and assigns to Agency all right, title, and interest, including all copyrights and other intellectual property rights, in or to the works made for hire. Unless required by law, Contractor shall not publish, transfer, discuss, or disclose any of the above-described works made for hire or any information gathered, discovered, or generated in any way through this Agreement, without County’s prior express written consent. If any of the works made for hire is subject to copyright protection, County reserves the right to copyright such works and Contractor agrees not to copyright such works. If any works made for hire are copyrighted, County reserves a royalty-free, irrevocable license to reproduce, publish, and use the works made for hire, in whole or in part, without restriction or limitation, and to authorize others to do so.

26. **Endorsements.** In its capacity as a contractor with Contra Costa County, Contractor will not publicly endorse or oppose the use of any particular brand name or commercial product without the prior written approval of the Board of Supervisors. In its County-contractor capacity, Contractor will not publicly attribute qualities or lack of qualities to a particular brand name or commercial product in the absence of a well-established and widely accepted scientific basis for such claims or without the prior written approval of the Board of Supervisors. In its County-contractor capacity, Contractor will not participate or appear in any commercially produced advertisements designed to promote a particular brand name or commercial product, even if Contractor is not publicly endorsing a product, as long as the Contractor's presence in the advertisement can reasonably be interpreted as an endorsement of the product by or on behalf of Contra Costa County. Notwithstanding the foregoing, Contractor may express its views on products to other contractors, the Board of Supervisors, County officers, or others who may be authorized by the Board of Supervisors or by law to receive such views.

27. **Required Audit.**
a. If Contractor expends $750,000 or more in federal grant funds in any fiscal year from any source, Contractor must provide to County, at Contractor’s expense, an audit conforming to the requirements set forth in the most current version of Code of Federal Regulations, Title 2, Part 200, Subpart F.

b. If Contractor expends less than $750,000 in federal grant funds in any fiscal year from any source, but the grant imposes specific audit requirements, Contractor must provide County with an audit conforming to those requirements.

c. If Contractor expends less than $750,000 in federal grant funds in any fiscal year from any source, Contractor is exempt from federal audit requirements for that year except as required by Code of Federal Regulations, Title 2, Part 200, Subpart F. Contractor shall make its records available for, and an audit may be required by, appropriate officials of the federal awarding agency, the General Accounting Office, the pass-through entity and/or the County. If an audit is required, Contractor must provide County with the audit.

d. With respect to the audits specified in sections (a), (b) and (c) above, Contractor is solely responsible for arranging for the conduct of the audit, and for its cost. County may withhold the estimated cost of the audit or 10 percent of the contract amount, whichever is greater, or the final payment, from Contractor until County receives the audit from Contractor.

28. **Authorization.** Contractor, or the representative(s) signing this Contract on behalf of Contractor, represents and warrants that it has full power and authority to enter into this Contract and to perform the obligations set forth herein.

29. **No Implied Waiver.** The waiver by County of any breach of any term or provision of this Contract will not be deemed to be a waiver of such term or provision or of any subsequent breach of the same or any other term or provision contained herein.
