California Emergency Medical Services Authority

Presents

Ambulance Strike Team (AST)/Medical Task Force (MTF) Leader Course

- Monday, February 3, 2020, 8:00 am – 4:00 pm
  Enloe Conference Center: 1528 Esplanade (Room 101), Chico, CA
  **OR** (Note: this is a single day course - participants may register for either date)
- Thursday, February 20, 2020, 8:00 am – 4:00 pm
  S-SV EMS Agency, 535 Menlo Drive (Suite A), Rocklin, CA 95765

Course Description: The AST/MTF program has been developed by the EMSA as a critical component of the State’s capability to rapidly mobilize medical transportation resources in times of medical need that exceed local capacity. Upon successful completion of this course, and all post-course requirements, participants will be able to respond to an emergency as an AST/MTF Leader in accordance with regulations and best practices for the State of California.

Course Audience: EMS personnel who wish to obtain AST/MTF Leader certification.

Course Prerequisites:
- Understanding of the Standardized Emergency Management System (SEMS)
- ICS-100: Introduction to the Incident Command System
- ICS-200: ICS for Single Resources and Initial Action Incidents
- ICS-300: Intermediate ICS for Expanding Incidents**
- IS-700: National Incident Management System (NIMS), an Introduction
- Hazardous Materials (HAZMAT) Field Response Operations (FRO)
- Ambulance operations experience (preferred)

Continuing Education Units (CEUs): Eight (8) hours of EMS CEUs will be provided to participants upon successful course completion.

Fee: There is no fee to attend (lunch from 12:00 pm – 1:00 pm is on your own)

Course Registration: https://www.ssvems.com/ast-mtf-leader-course-registration/

Individuals may contact S-SV EMS (916-625-1702) with any questions about this course

** Participants may complete the AST/MTF Leader course without ICS-300; however, ICS-300 completion is required in order to complete the Position Task Book and receive an AST/MTF Leader Certification.
