Form L-2 (Page 1 of 1)
AMENDMENT SPECIFICATIONS

In consideration for Contractor’s agreement to continue to provide services under the Contract identified herein, County agrees to increase the payment limit with no change in the original term of the Contract. County and Contractor agree therefore to amend said Contract as set forth below while all other parts of the Contract remain unchanged and in full force and effect.

1. **Increase in Contract Payment Limit.** The payment limit specified in Paragraph 4. (Payment Limit) is hereby increased by $97,716 from $450,000 to a new total contract payment limit of $547,716.

2. **Modification to Payment Provisions.** Payment Provisions, Paragraph 1. (Payment Amounts), subparagraph d, is hereby deleted in its entirety and replaced with a new subparagraph d., to read as follows:

   “[X] d. 1. For the period October 1, 2012 through September 30, 2013, County will pay Contractor the following fee for EMS Agency approved First Responder Paramedic Units as full compensation for all services, work, expenses or costs provided or incurred by Department in providing EMS First Responder Paramedic services:

   a. **$2,500.00** per First Responder Unit per month, for up to five (5) units or **$12,500** monthly, payable upon receipt of demand and EMS Agency approval of required ambulance and First Responder Paramedic Response time and in-service data following each calendar month, in which First Responder paramedic services are provided, as set forth in the Service Plan;

   b. District shall document in its monthly invoices any periods exceeding six (6) consecutive hours, during which the District was unable to provide paramedic services. A reduction from the monthly payment set forth in Subparagraph 1.d.1, above, in the amount of **$3,42** per hour will be made for each non-exempt hour or portion thereof that the District is not able to provide First Responder Paramedic services as required by this Agreement, when such services are not provided for more than six (6) consecutive hours.

   2. For the period from October 1, 2013, through September 30, 2015, County will pay Contractor in accordance with a new revised Exhibit A, which is incorporated herein by reference and attached, and subject to an annual payment limit in an amount not to exceed **$198,858** for each fiscal year fiscal through 2015, under this Contract; and

In addition, the Fire Department shall allow the EMS Agency to deduct from its Measure H annual distributions any costs associated with the EMS agency acquisition or contracting for equipment, services or technology that directly benefits Fire Department. Any deductions performed will have written approvals from the EMS Agency Director and Department Fire Chief.”
Revised Exhibit A

Effective October 1, 2013, County shall pay Contractor below for the Measure H Zone B population-based fire allocations as approved by the Board of Supervisor on May 14, 2013. The population based formulas include a 25% differential for providing paramedic first responder services. A two-year transition period was built into the implementation of the new allocation to assure that funding associated with the prior “engine based” written agreements for fiscal years 2013 through 2015 were honored.
