8. Modifications and Amendments.

a. General Amendments. In the event that the total Payment Limit of this Contract is less than $100,000 and this Contract was executed by the County's Purchasing Agent, this Contract may be modified or amended by a written document executed by Contractor and the County’s Purchasing Agent or the Contra Costa County Board of Supervisors, subject to any required state or federal approval. In the event that the total Payment Limit of this Contract exceeds $100,000 or this Contract was initially approved by the Board of Supervisors, this Contract may be modified or amended only by a written document executed by Contractor and the Contra Costa County Board of Supervisors or, after Board approval, by its designee, subject to any required state or federal approval.

b. Minor Amendments. The Payment Provisions and the Service Plan may be amended by a written administrative amendment executed by Contractor and the County Administrator (or designee), subject to any required state or federal approval, provided that such administrative amendment may not increase the Payment Limit of this Contract or reduce the services Contractor is obligated to provide pursuant to this Contract.

9. Disputes. Disagreements between County and Contractor concerning the meaning, requirements, or performance of this Contract shall be subject to final written determination by the head of the county department for which this Contract is made, or his designee, or in accordance with the applicable procedures (if any) required by the state or federal government.

10. **Choice of Law and Personal Jurisdiction.**

a. This Contract is made in Contra Costa County and is governed by, and must be construed in accordance with, the laws of the State of California.

b. Any action relating to this Contract must be instituted and prosecuted in the courts of Contra Costa County, State of California.

11. **Conformance with Federal and State Regulations and Laws.** Should federal or state regulations or laws touching upon the subject of this Contract be adopted or revised during the term hereof, this Contract will be deemed amended to assure conformance with such federal or state requirements.

12. **No Waiver by County.** Subject to Paragraph 9. (Disputes) of these General Conditions, inspections or approvals, or statements by any officer, agent or employee of County indicating Contractor's performance or any part thereof complies with the requirements of this Contract, or acceptance of the whole or any part of said performance, or payments therefor, or any combination of these acts, do not relieve Contractor's obligation to fulfill this Contract as prescribed; nor is the County thereby prevented from bringing any action for damages or enforcement arising from any failure to comply with any of the terms and conditions of this Contract.

13. **Subcontract and Assignment.** This Contract binds the heirs, successors, assigns and representatives of Contractor. Prior written consent of the County Administrator or his designee, subject to any required state or federal approval, is required before the Contractor may enter into subcontracts for any work contemplated under this Contract, or before the Contractor may assign this Contract or monies due or to become due, by operation of law or otherwise.

14. **Independent Contractor Status.** The parties intend that Contractor, in performing the services specified herein, is acting as an independent contractor and that Contractor will control the work and the manner in which it is performed. This Contract is not to be construed to create the relationship between the parties of agent, servant, employee, partnership, joint venture, or association. Contractor is not a County employee. This Contract does not give Contractor any right to participate in any pension plan, workers’ compensation plan, insurance, bonus, or similar benefits County provides to its employees. In the event that County exercises its right to terminate this Contract, Contractor expressly agrees that it will have no recourse or right of appeal under any rules, regulations, ordinances, or laws applicable to employees.

15. **Conflicts of Interest.** Contractor covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Contractor further covenants that in the performance of this Contract, no person having any such interests will be employed by Contractor. If requested to do so by County, Contractor will complete a “Statement of Economic Interest” form and file it with County and will require any other person doing work under this Contract to complete a “Statement of Economic Interest” form and file it with County. Contractor covenants that Contractor, its employees and officials, are not now employed by County and have not been so employed by County within twelve months immediately preceding this Contract; or, if so employed, did not then and do not now occupy a position that would create a conflict of interest under Government Code section 1090. In addition to any indemnity provided by Contractor in this Contract, Contractor will indemnify,
defend, and hold the County harmless from any and all claims, investigations, liabilities, or damages resulting from or related to any and all alleged conflicts of interest. Contractor warrants that it has not provided, attempted to provide, or offered to provide any money, gift, gratuity, thing of value, or compensation of any kind to obtain this Contract.

16. **Confidentiality.** To the extent allowed under the California Public Records Act, Contractor agrees to comply and to require its officers, partners, associates, agents and employees to comply with all applicable state or federal statutes or regulations respecting confidentiality, including but not limited to, the identity of persons served under this Contract, their records, or services provided them, and assures that no person will publish or disclose or permit or cause to be published or disclosed, any list of persons receiving services, except as may be required in the administration of such service. Contractor agrees to inform all employees, agents and partners of the above provisions, and that any person knowingly and intentionally disclosing such information other than as authorized by law may be guilty of a misdemeanor.

17. **Nondiscriminatory Services.** Contractor agrees that all goods and services under this Contract will be available to all qualified persons regardless of age, gender, race, religion, color, national origin, ethnic background, disability, or sexual orientation, and that none will be used, in whole or in part, for religious worship.

18. **Indemnification.** Contractor will defend, indemnify, save, and hold harmless County and its officers and employees from any and all claims, demands, losses, costs, expenses, and liabilities for any damages, fines, sickness, death, or injury to person(s) or property, including any and all administrative fines, penalties or costs imposed as a result of an administrative or quasi-judicial proceeding, arising directly or indirectly from or connected with the services provided hereunder that are caused, or claimed or alleged to be caused, in whole or in part, by the negligence or willful misconduct of Contractor, its officers, employees, agents, contractors, subcontractors, or any persons under its direction or control. If requested by County, Contractor will defend any such suits at its sole cost and expense. If County elects to provide its own defense, Contractor will reimburse County for any expenditures, including reasonable attorney’s fees and costs. Contractor’s obligations under this section exist regardless of concurrent negligence or willful misconduct on the part of the County or any other person; provided, however, that Contractor is not required to indemnify County for the proportion of liability a court determines is attributable to the sole negligence or willful misconduct of the County, its officers and employees. This provision will survive the expiration or termination of this Contract.

19. **Insurance.** During the entire term of this Contract and any extension or modification thereof, Contractor shall keep in effect insurance policies meeting the following insurance requirements unless otherwise expressed in the Special Conditions:
a. **Commercial General Liability Insurance.** For all contracts where the total payment limit of the contract is $500,000 or less, Contractor will provide commercial general liability insurance, including coverage for business losses and for owned and non-owned automobiles, with a minimum combined single limit coverage of $500,000 for all damages, including consequential damages, due to bodily injury, sickness or disease, or death to any person or damage to or destruction of property, including the loss of use thereof, arising from each occurrence. Such insurance must be endorsed to include County and its officers and employees as additional insureds as to all services performed by Contractor under this Contract. Said policies must constitute primary insurance as to County, the state and federal governments, and their officers, agents, and employees, so that other insurance policies held by them or their self-insurance program(s) will not be required to contribute to any loss covered under Contractor’s insurance policy or policies. Contractor must provide County with a copy of the endorsement making the County an additional insured on all commercial general liability policies as required herein no later than the effective date of this Contract. For all contracts where the total payment limit is greater than $500,000, the aforementioned insurance coverage to be provided by Contractor must have a minimum combined single limit coverage of $1,000,000.

b. **Workers’ Compensation.** Contractor must provide workers’ compensation insurance coverage for its employees.

c. **Certificate of Insurance.** The Contractor must provide County with (a) certificate(s) of insurance evidencing liability and worker’s compensation insurance as required herein no later than the effective date of this Contract. If Contractor should renew the insurance policy(ies) or acquire either a new insurance policy(ies) or amend the coverage afforded through an endorsement to the policy at any time during the term of this Contract, then Contractor must provide (a) current certificate(s) of insurance.

d. **Additional Insurance Provisions.** No later than five days after Contractor’s receipt of: (i) a notice of cancellation, a notice of an intention to cancel, or a notice of a lapse in any of Contractor’s insurance coverage required by this Contract; or (ii) a notice of a material change to Contractor’s insurance coverage required by this Contract, Contractor will provide Department a copy of such notice of cancellation, notice of intention to cancel, notice of lapse of coverage, or notice of material change. Contractor’s failure to provide Department the notice as required by the preceding sentence is a default under this Contract.

20. **Notices.** All notices provided for by this Contract must be in writing and may be delivered by deposit in the United States mail, postage prepaid. Notices to County must be addressed to the head of the county department for which this Contract is made. Notices to Contractor must be addressed to the Contractor’s address designated herein. The effective date of notice is the date of deposit in the mails or of other delivery, except that the effective date of notice to County is the date of receipt by the head of the county department for which this Contract is made.

21. **Primacy of General Conditions.** In the event of a conflict between the General Conditions and the Special Conditions, the General Conditions govern unless the Special Conditions or Service Plan expressly provide otherwise.

22. **Nonrenewal.** Contractor understands and agrees that there is no representation, implication, or understanding that the services provided by Contractor under this Contract will be purchased by County under a new contract following expiration or termination of this Contract, and Contractor waives all rights or claims to notice or hearing respecting any failure to continue purchasing all or any such services from Contractor.
23. **Possessory Interest.** If this Contract results in Contractor having possession of, claim or right to the possession of land or improvements, but does not vest ownership of the land or improvements in the same person, or if this Contract results in the placement of taxable improvements on tax exempt land (Revenue & Taxation Code Section 107), such interest or improvements may represent a possessory interest subject to property tax, and Contractor may be subject to the payment of property taxes levied on such interest. Contractor agrees that this provision complies with the notice requirements of Revenue & Taxation Code Section 107.6, and waives all rights to further notice or to damages under that or any comparable statute.

24. **No Third-Party Beneficiaries.** Nothing in this Contract may be construed to create, and the parties do not intend to create, any rights in third parties.

25. **Copyrights, Rights in Data, and Works Made for Hire.** Contractor will not publish or transfer any materials produced or resulting from activities supported by this Contract without the express written consent of the County Administrator. All reports, original drawings, graphics, plans, studies and other data and documents, in whatever form or format, assembled or prepared by Contractor or Contractor’s subcontractors, consultants, and other agents in connection with this Contract are “works made for hire” (as defined in the Copyright Act, 17 U.S.C. Section 101 et seq., as amended) for County, and Contractor unconditionally and irrevocably transfers and assigns to Agency all right, title, and interest, including all copyrights and other intellectual property rights, in or to the works made for hire. Unless required by law, Contractor shall not publish, transfer, discuss, or disclose any of the above-described works made for hire or any information gathered, discovered, or generated in any way through this Agreement, without County’s prior express written consent. If any of the works made for hire is subject to copyright protection, County reserves the right to copyright such works and Contractor agrees not to copyright such works. If any works made for hire are copyrighted, County reserves a royalty-free, irrevocable license to reproduce, publish, and use the works made for hire, in whole or in part, without restriction or limitation, and to authorize others to do so.

26. **Endorsements.** In its capacity as a contractor with Contra Costa County, Contractor will not publicly endorse or oppose the use of any particular brand name or commercial product without the prior written approval of the Board of Supervisors. In its County-contractor capacity, Contractor will not publicly attribute qualities or lack of qualities to a particular brand name or commercial product in the absence of a well-established and widely accepted scientific basis for such claims or without the prior written approval of the Board of Supervisors. In its County-contractor capacity, Contractor will not participate or appear in any commercially produced advertisements designed to promote a particular brand name or commercial product, even if Contractor is not publicly endorsing a product, as long as the Contractor's presence in the advertisement can reasonably be interpreted as an endorsement of the product by or on behalf of Contra Costa County. Notwithstanding the foregoing, Contractor may express its views on products to other contractors, the Board of Supervisors, County officers, or others who may be authorized by the Board of Supervisors or by law to receive such views.

27. **Required Audit.** (A) If Contractor is funded by $500,000 or more in federal grant funds in any fiscal year from any source, Contractor must provide to County, at Contractor's expense, an audit conforming to the requirements set forth in the most current version of Office of Management and Budget Circular A-133. (B) If Contractor is funded by less than $500,000 in federal grant funds in any fiscal year from any source, but such grant imposes specific audit requirements, Contractor must provide County with an audit conforming to those requirements. (C) If Contractor is funded by less than $500,000 in federal grant funds in any fiscal year from any source, Contractor is exempt from federal audit requirements for that year; however, Contractor's records must be available for and an audit may be

required by, appropriate officials of the federal awarding agency, the General Accounting Office (GAO), the pass-through entity and/or the County. If any such audit is required, Contractor must provide County with such audit. With respect to the audits specified in (A), (B) and (C) above, Contractor is solely responsible for arranging for the conduct of the audit, and for its cost. County may withhold the estimated cost of the audit or 10 percent of the contract amount, whichever is greater, or the final payment, from Contractor until County receives the audit from Contractor.

28. **Authorization.** Contractor, or the representative(s) signing this Contract on behalf of Contractor, represents and warrants that it has full power and authority to enter into this Contract and to perform the obligations set forth herein.

29. **No Implied Waiver.** The waiver by County of any breach of any term or provision of this Contract will not be deemed to be a waiver of such term or provision or of any subsequent breach of the same or any other term or provision contained herein.
