

Receiving Hospitals

I. PURPOSE

This policy identifies the most frequented receiving hospitals and specialty centers for patients transported by 9-1-1 ground ambulance or interfacility patients who become unstable during transport. This is not an inclusive list of all receiving hospitals.

II. POLICY

- A. A patient, transported as part of an EMS response, shall be taken to the most appropriate hospital staffed and equipped to provide care appropriate to the needs of the patient, despite County boundaries.
- B. Field transport personnel should refer to LEMSA Administrative Policy 4002-Patient Destination Determination for destination decision.
