   - Lavonna Martin, Chief of Homeless Services, gave an update on addition of new Contra Costa Health Services Division for Health, Housing, & Homeless Services.
     - Focus on developing partnerships with Health and Mental Health departments, and moving out of Behavioral Health into this brand new division.
     - Lavonna Martin will be director of this new division, and there will be a new Chief of Homeless Services.
     - The Council is still the advisory body to the Board of Supervisors, and the division will still be Staff to the Council.

7. **Committee Updates:**
   - Jaime Jenett, CoC Planning and Policy Manager, provided an update on the Contra Costa Coordinated Entry Request for Proposals and the Moving On Program.
     - Coordinated Entry RFP:
The RFP was released June 29th, and applications were received August 3rd. The Review panel met in August to review and select projects; negotiations now underway with agencies, and results will be announced soon. Additional rounds of RFPs anticipated as additional funding is identified.

- No applications for a Housing Locator were received; discretion to reallocate dollars underspent in one area to build system as needed. Recommended that because no applications for Housing Locator were received that this funding be reallocated.

- CARE centers in East Contra Costa County are a priority for next round of funding, as no applicants submitted a proposal for that region.

- Moving On Program:
  - The Housing Authority of Contra Costa County (HACCC) met with Homeless Program and CCIH (as CoC/ESG representative) to discuss how to transition those not requiring intensive resources to the Housing Choice Voucher program.
  - HACCC changed administrative plan to make policy changes to set a formal process in place.
  - Pilot Program: A pilot is in development to figure out how to prioritize candidates; target is 50 vouchers over the next 6 months, available immediately. Providers should start considering who would be good candidates for Move On (most likely those who can transition in place), with emphasis on client choice.
  - After Care: Commitment on the providers’ side for clients recommended for Move On, with a dedicated period of commitment of 6 months.

8. Zero: 2016 Update

  - Chronic Homelessness: Contra Costa County is making progress – the numbers for June were 173, and 154 in July; the County is improving data accuracy.
  - Veterans: Witnessing a slow-down inflow from May – 21 newly homeless in May, 18 in June, and 12 in July. There is progress, but housing placement is static (13 in Permanent Housing in May, 13 in June, and 11 in July), and housing is challenging to find.
  - Continuation of Campaign: The national campaign is continuing into 2017, so our campaign will rebrand and extend as well. Pairing with cohorts and working with communities with similar challenges (large
Veteran groups in a large community) to learn about potential best practices.
  - Action Camp: Another camp with Santa Cruz and Sacramento Counties coming up; possible strategy to discuss – the VA and HA to streamline housing placement process and vouchers to get Veterans into housing quickly.
  - Subcommittees:
    - Outreach and engagement – MFAC (education in the community - presentations with Rotary / Kiwanis club);
    - Housing Security Fund workgroup – creating fund to lower financial barriers to people getting into housing;
    - Data Committee – need a deep data dive to look at inflow, capturing numbers correctly and contextually.

9. Health Care for the Homeless / Consumer Advisory Board Update
   - Linae Young, Health Care for the Homeless, provided an update on Health Care for the Homeless program developments.
     - Project Homeless Connect is providing services for women’s and primary health, dental health services assessments (with a dental hygienist doing cleanings), and Mental Health services.
     - New addition of a Medical Outreach team, primarily in the East County from 8:00 AM to 12:00 PM, going out with Project Hope to encampments.
     - Dr. Joseph Mega, a mental health professional, and a consumer liaison on the team; focus is on more responsibility to bring in opinions and making changes based on feedback.

10. MFAC Update
    - Doug Leich gave an update on the Multi-Faith ACTION Coalition.
      - MFAC is focused on advocacy to reduce and prevent poverty. It is now working on adding a working group on racial justice; racial injustice contributes significantly to poverty.
      - MFAC is organizing working groups from specific cities to work on advocacy issue particular to that city.
      - MFAC has succeeded in putting together a working group of Concord citizens/congregations focused on CNWS and the recent issues of tenants’ rights.
      - Six Catholic congregations united for justice to work on social justice issues the core of the new MFAC facilitated Concord group.

11. Policy and Advocacy Opportunities

      - Concord City Council Meetings:

On July 12th, the City Council heard the Restated Agreement to Negotiation between LRA and Lennar, and formation of a new advisory committee (with criteria for representatives to be outlined).
