OUTSTANDING VOLUNTEER

Dana Denniston from Good Shepherd Church

Dana has been helping the homeless since at least 2004 and spends upwards of *60 hours a week* on this! She and her volunteers supply CORE with food bags, blankets, socks, and clothing. She also helps the elderly with food support also. What she does for us takes a lot of time and resources for gathering all the items from the Food Bank and donations then preparing and separating into food bags while making sure they have nutritional value. She also maintains an entire room above the church stocked with furniture and household supplies for people moving into new homes.

-Nominated by Michael Callanan from CORE

OUTSTANDING LANDLORD

Anita Michaels from John Stewart Company

Anita is the property manager/landlord in a community that houses formerly homeless individuals and families. The property has over 300 residents living onsite. Not all are formerly homeless and her role is to manage everyone living on the property whether they are in the homeless program or not. Her goal is to ensure that the residents are stably housed and have a good quality of life while they are there. She has done a great job integrating all residents so none of the residents feel stigmatized or that they don't belong. She is very supportive of the onsite services teams and values working in collaboration with all of the service partners who have clients living/thriving at her building. The service partners, owners and residents all benefit from her outstanding work. Anita has been working as a property manager/landlord in homeless communities for more than 20 years and has been at her same property for over 10 years. All 16 homeless units are set aside and dedicated to serving formerly homeless families or individuals living with a disability. Again, not only is she responsible for the 16 units she is also responsible for all of the 300 plus residents at the property. Late last year we unfortunately had a fire at the property. Anita did an outstanding job of following the protocol established by her organization, worked with the residents to ensure their safety first, found temporary housing for all of them right away, communicated with the owner, insurance agency, and worked in collaboration with the onsite supportive services provider to help residents replace basic items that were lost during the fire. She even brought clothes and supplies from home to support the families. The owner and residents appreciated and marveled at how smoothly the process went.

- Nominated by Olivia King, RCD Housing
