

# COULD YOUR BUSINESS SURVIVE A CYBER INCIDENT?

Join us for a free workshop led by the U.S. Department of Homeland Security about preparing your business or agency to respond to and recover from technological attacks.

- Cybersecurity best practices
- Exercises to improve your resilience
- Preventing and managing emergencies
- Enhancing business continuity capabilities
- Working with federal agencies on incident notification, containment, recovery

## Cyber Resilience Workshop

8 a.m.–12:30 p.m. | Tuesday, September 17, 2019  
Continental breakfast and check-in: 8–8:30 a.m.  
1875 Arnold Drive, Martinez

RSVP by September 12 to Michael Kent at [mkent@cchealth.org](mailto:mkent@cchealth.org)

This workshop is co-sponsored by Contra Costa Community Awareness and Emergency Response (CAER) and the Contra Costa County Hazardous Materials Commission.
