

Specific comments carried over from the December 11, 2020 Operations Committee meeting not considered at the January 8, 2021 Operations committee, but reviewed and modified at the February 12, 2021 Operations committee meeting

Goal C

Possible new Policy – Ensure homes potentially impacted by air quality hazards, including but not limited to chemical fires or releases, that may need to shelter-in-place as determined by the County Health Officer are able to do so safely, with appropriate air exchange rates and protection from heat. These concepts can also be incorporated into Policies C-4 and C-5.

Possible new Policy – Ensure an adequate level of continued public education to make sure all residents are provided adequate education about less toxic alternatives to household hazardous products, including pesticides, and education about the safe handling, storage and disposal of Household hazardous Waste, including pharmaceuticals. Ensure there are adequate options for HHW disposal for residents that don't drive.

Goal J

Possible new policy - Provide annual education that is culturally and linguistically appropriate, and adequate for people with access or functional needs, to new and existing residents using multi-media approaches to ensure residents likely to be impacted by a hazardous material release or fire know what to do when a shelter-in-place is ordered.

Goal J Action 6 – Develop and implement a plan to provide clean air refuges with public transportation access or transportation assistance during times when outdoor air quality is unhealthy, as determined by the County Health Officer
