CHANGES IN LAW AFFECTING CERS SUBMITTALS AND INSPECTIONS

Now Required:  
Site Map MUST include:  
- North Orientation  
- Adjacent Streets  
- Emergency Response Equipment  
- Hazardous Materials Handling & Storage Areas  
- Loading Areas  
- Storm & Sewer Drains  
- Evacuation Staging Areas  
- Internal Roads  
- Access & Exit Points  
- Emergency Shutoffs  
Documentation of training, kept on site for a minimum of 3 years  
Compressed Gases must be reported in the physical state it is stored unless it is an extremely hazardous substance (EHS). All EHSs must be reported in pounds, whether liquid or gas.  
Examples: Propane in gallons, Carbon Dioxide in a dewar in gallons, Carbon Dioxide in a cylinder in cubic feet, dry ice in pounds, liquefied nitrogen in gallons  

EHS - A list of all EHS is found in Section 355.61 CFR Title 40. All EHSs must be reported in pounds.  
HSC – Health and Safety Code, Chapter 6.95

CHANGES IN LAW AFFECTING REPORTING QUANTITY*  

<table>
<thead>
<tr>
<th>Hazardous Material</th>
<th>Reporting Quantity</th>
<th>HSC Section</th>
</tr>
</thead>
<tbody>
<tr>
<td>Any Hazardous Material stored on site at any one time, unless a higher reporting quantity or exemption is listed below</td>
<td>55 gallons of a liquid, 500 pounds of a solid, 200 cubic feet of a compressed gas</td>
<td>25507(a)(1)(A)</td>
</tr>
<tr>
<td>Irritant or Sensitizer Only</td>
<td><a href="http://www1.calepa.ca.gov/CUPA/Bulletins/2012/June7UP1107.pdf">http://www1.calepa.ca.gov/CUPA/Bulletins/2012/June7UP1107.pdf</a></td>
<td>5,000 pounds for solid or 550 gallons for a liquid</td>
</tr>
<tr>
<td>Authorized Paint Care Facility</td>
<td><a href="http://www.paintcare.org/paintcare-states/california/">http://www.paintcare.org/paintcare-states/california/</a></td>
<td>1,000 gallons or 10,000 pounds if solid</td>
</tr>
<tr>
<td>Compressed Gases including cryogenic &amp; refrigerated: Simple asphyxiants or release of pressure hazards, Gases in medical offices (oxygen, nitrogen, nitrous oxide), Carbon dioxide, Nonflammable refrigerant gases for refrigeration systems, Gases used in closed fire suppression systems</td>
<td>1,000 cubic feet</td>
<td>25507(a)(5)</td>
</tr>
<tr>
<td>Refrigerant gases (not ammonia or flammable gas) in closed cooling system, used for comfort cooling or computer rooms</td>
<td>Exempt from Reporting</td>
<td>25507(b)(1)</td>
</tr>
<tr>
<td>Compressed Air used by Emergency Response Organizations</td>
<td>Exempt from Reporting</td>
<td>25507(b)(2)</td>
</tr>
<tr>
<td>Lubricating Oil (does not include used oil), if total volume of each type of lubricating oil does not exceed 55 gallons and the total volume of all the types of lubricating oils does not exceed 275 gallons at any one time</td>
<td>Exempt from Reporting</td>
<td>25507(b)(3)</td>
</tr>
<tr>
<td>Fluid in hydraulic system and/or oil-filled electrical equipment that is not contiguous to an electric facility</td>
<td>Exempt if aggregate amount is less than 1,320 gallons</td>
<td>25507(b)(4)</td>
</tr>
<tr>
<td>Consumer Products for direct sale to the public (does not apply to manufacturer of the hazardous material, distribution centers, or if product is dispensed at the facility)</td>
<td>Exempt from Reporting</td>
<td>25507(b)(5)</td>
</tr>
<tr>
<td>Propane, if used solely for cooking, heating employee work area, or heating water</td>
<td>500 gallons</td>
<td>25507(b)(6)</td>
</tr>
</tbody>

* Some of hazardous materials listed are existing requirements  
HSC – Health and Safety Code, Chapter 6.95
<table>
<thead>
<tr>
<th>Type of Facility</th>
<th>Exemption</th>
<th>HSC Section</th>
</tr>
</thead>
</table>
| Farm, for purposes of cultivating soil or raising or harvesting any agricultural or horticultural commodity | Exempt from submitting the Emergency Response Plan (ERP) and Training on ERP if:  
- Facility submits annually to CERS  
- Each building that stores hazardous materials is posted with signs that provide notice of 1) Pesticides; 2) Petroleum fuels and oil; and 3) Types of fertilizer | 25507.1     |
| Remote and Unstaffed location                                                   | Exempt from reporting if **all** the following are met:  
- At least ½ mile from nearest occupied structure  
- Facility is secured and not accessible to the public  
- Warning signs are posted for hazardous materials pursuant to California Fire Code  
- One-time businesses plan submitted in CERS  
- Location stores:  
  - 1,000 cubic feet or less of compressed inert gases (asphyxiation and pressure hazards only)  
  - 500 gallons or less of combustible liquids used as a fuel source  
  - Corrosive liquids used as electrolyte & in closed containers, not to exceed 500 pounds of extremely hazardous substances  
  - 500 gallons or less of lubricating and hydraulic fluids  
  - 1,200 gallons or less of hydrocarbon gas used as a fuel source  
  - Any amount of mineral oil contained in electrical equipment (i.e., transformers, bushings, electrical switches, etc.) if a SPCC Plan is prepared for an amount meeting or exceeding 1,320 gallons | 25507.2     |
