The Contra Costa Health Plan Provider Bulletin

H1N1 Vaccine Update

The CDC’s Advisory Committee on Immunization Practices has recommended the following groups be targeted for vaccination:

- Pregnant Women
- People who live with or care for children younger than six months of age
- Health care and emergency medical services personnel
- Persons between the ages of six months through 24 years of age
- Persons 25 to 64 years of age who are at higher risk because of chronic health disorders or compromised immune systems.

If you intend to provide this vaccine and have not yet registered, please register today at www.calpanflu.org. If you are a CCHP-contracted PCP and do not plan on providing this vaccine, please let us know.

To date we understand this vaccine will be distributed in Mid-October or maybe sooner and will be distributed in order of registration. You can find the latest information about the H1N1 virus by visiting http://www.cchealth.org/topics/swine_flu or go to http://www.cdc.gov/h1n1flu/vaccination/acip.htm.

Health Plans Applaud Governor Signing Bill to Protect Healthy Families Enrollment

Statement from CAHP Board Chair Howard A Kahn on AB 1422

“With the swipe of a pen, the future for hundreds of thousands of California’s kids is much brighter today. Their families can breathe a sigh of relief as a result of Healthy Families health coverage being saved.

Without the Legislature passing and the Governor signing AB 1422, families would have faced long waiting lines or worse, no services at all. Our already crowded emergency rooms would have been the only place these children could turn to for care. Or they would have squeezed even sicker adults out of equally crowded clinics.

During these tough economic times, the nation’s largest state could not afford to eliminate access to health care for children. During this time of hope for reform of our health system, the nation’s largest state could not send a message of denial to the nation.

Thankfully, we no longer have to worry about what will happen to our kids next year.”

-Howard A. Kahn is the Chairman of the California Association of Health Plans’ Board of Directors and the CEO of L.A. Care Health Plan.

Health Plans that manage Medi-Cal members accepted a 2.35% tax until January 2011. Because of this tax, the Healthy Families program has been saved for another year. More than 600,000 children in California will not lose their health care coverage. As part of this new legislation, premium and co-pays will increase November 1, 2009 for some Healthy Family Members.
**Flu Updates**

**CCHP advises Members to get their Immunizations**

In September 2009, CCHP sent our annual “flu season” letter to all CCHP members. In this letter we stressed the importance of getting immunized. CCHP has strongly encouraged our CPN members to contact their Primary Care Provider to schedule an appointment for their Flu Shot. In this letter to members, CCHP recommended all members that meet the criteria receive the seasonal flu and the H1N1 vaccine this year. The high-risk table below was also part of the letter.

CCHP will not reimburse flu shots given at local pharmacies or other flu clinics. This year our Public Health Department has changed the delivery system of the Flu vaccine clinics for the general public. This year there will be 4 free vaccine clinics throughout the County in November. Information on these free Public Health Flu Clinics is listed on page 7 of this bulletin.

<table>
<thead>
<tr>
<th>Vaccine:</th>
<th>People who need to get vaccinated as soon as possible</th>
</tr>
</thead>
</table>
| **Seasonal Influenza** | * Pregnant women  
* Children 6 months through 18 years  
* Adults 50 years and older  
* Healthcare workers  
* People with a chronic health condition (immunosuppression, heart, lung or kidney diseases, asthma, diabetes)  
* Caregivers of young children and the elderly |
| **H1N1 Influenza** | * Pregnant women  
* Children 6 months through 18 years  
* Young adults 19 through 24 years  
* Healthcare workers and emergency medical workers  
* Anyone between 25 and 64 years with a chronic health condition - (immunosuppression, heart, lung or kidney diseases, asthma, diabetes)  
* Caregivers of children under 6 months of age |
| **Pneumonia** | * Adults over 65  
* Adults who smoke  
* Adults with a chronic health condition (immunosuppression, heart, lung or kidney diseases, asthma, diabetes) |

**Fraud Waste and Abuse Compliance Requirements**

Fraud, Waste and Abuse (FWA) Training is a mandated requirement of the Center for Medicare and Medicaid Services. Within the next few months, we will be sending our providers an FWA training packet. The training packet will come with complete instructions. Look for it in the upcoming months. For more information, please contact Terri Lieder at (925) 313-9502 or at tlieder@hsd.cccounty.us.

**Inside this issue:**

- H1N1 Vaccine Update, Healthy Families Enrollment
- Flu Update, Fraud Waste and Abuse
- Pharmacy and Therapeutics Update
- Claim’s Update, Urgent Care Centers
- Healthy Families Program, H1N1 Billing & Reimbursement
- Seasonal Flu Vaccine Matrix
- Seasonal Flu Vaccine Information, Bulletin Board
Pharmacy and Therapeutics Update

The Pharmacy and Therapeutics committee at CCHP reviewed the efficacy, safety, cost and/or utilization of the following therapeutic categories/medications at the September 4, 2009 meeting. The changes are expected to be effective the week of October 20th, 2009.

<table>
<thead>
<tr>
<th>Hyperparathyroidism Agents</th>
<th>Oral Bisphosphonate Agents</th>
<th>ACE Inhibitors</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACE Inhibitors with Hydrochlorothiazide</td>
<td>Low Cost Injectables</td>
<td>Insulin Quantity Limits</td>
</tr>
</tbody>
</table>

The committee approved **addition** of the following to the Preferred Drug List (formulary):

- Altace® (ramipril) capsules added to formulary (tablets remain non-formulary);
- Humulin® N, 4 vials/month quantity limit removed.

The committee approved **deletion** of the following to the Preferred Drug List (formulary):

- Actonel® (risedronate). Generically available Fosamax® (alendronate) will remain the preferred orabispophonate. Patients currently on Actonel will be given notice and 90 days to make the transition.

The following were reviewed and **prior authorization criteria** approved or updated (remain non-formulary):

The Health Plan has reaffirmed its criteria on off-label drug use and doses exceeding FDA approved limits. Supporting documentation such as clinical studies will be needed to support these prior authorization requests. The Health Plan has the right to confer with a specialist in the field of medicine for which the prior authorization is being requested. The decision rendered by the consulting specialist may serve as the basis for the health plan’s decision.

**FYI/REMINDERS:**

- Clinical Pearls:
  - Did you know the **cost of insulins** you may be prescribing? Here are some monthly cost comparisons to the Health Plan (at 50 units daily) that we hope will help you choose the most cost-effective form for your patients:
    - Humulin R = $42.45, Humalog = $118.20, Novolog = $147.15, Humulin 70/30 or N = $42.45, Lantus = $131.55, Levemir = $112.95
    - CCHP found that on our list of top drugs by costs, various dosages of Advair® and Crestor® were high. We encourage the use of generically available inhaled corticosteroids (i.e. QVAR®, Flovent®) and Statins (simvastatin, pravastatin).
    - 340B reminder: there are 10 Rite Aids and 12 Walgreens pharmacies in our 340B network.
    - We encourage use of these pharmacies in order to save the county money. BHC/HCI patients are still restricted to the 12 340B Walgreens pharmacies.

**SelectCare News**

SelectCare is a Medicare Advantage Special Needs Plan offered by Contra Costa Health Plan. It is designed for Medicare beneficiaries who are also enrolled in the California Medi-Cal program. More information about SelectCare can be found at http://www.cchealth.org/health_plan/selectcare/. The complete SelectCare formulary can be found at http://selectcare.performrx.com/. No negative formulary changes thru August 2009 have occurred to the SelectCare formulary.
CCHP Urgent Care Providers

Urgent Care is the best care option when a PCP is not available. Here is a listing of our contracted Providers. Please remember, all CCHP members must contact our Advice Nurse Unit at 1 (877) 661-6230, option 1 before seeking treatment at these centers.

John Muir Urgent Care Centers

John Muir Urgent Care, Brentwood
2400 Balfour Road, Suite 120
Brentwood, CA 94513
Hours 1 PM—10 PM
Monday—Saturday
Sunday 10 am—9 PM

Claim’s Unit Update:

We are still struggling with claim backlog and staffing issues. State mandates payment within 45 business days. The Federal Government allows 30 days for Medicare claims. We are making every attempt to process your claims to meet these deadlines, if we do not meet them we will be processing your payments with interest. Duplicate claims will only slow the reimbursement process. Call us before resubmitting claims.

Please also keep in mind that you have 180 days from the date of service or date of an Explanation of Benefits (EOB) to send in your claims.

If you have any questions, please call our office at 1 (877) 800-7423, option #5. We have staffed phone service available from 9 am to 12 noon, Monday through Friday.
Healthy Families Program

CCHP will be issuing updated ID cards with the new co-pay information for our Healthy Families members. This information may also be obtained when calling to verify eligibility. In some cases, office visit co-pays have increased.
