Air District					
State OES					

**REPORT:**

Contra Costa Fire District requested assistance with the identification of unknown white powder in EBRPD.

1500 On scene of Incident

White/brown powder found in multiple locations around park. Dad birds may not have been associated with powder.

Powder identified as corn meal and flour however it had a high PH of about 9-10. We collected the material for further investigation and removed material from park.

1800 departed Scene.

After further investigation at office it was determined material was PH 7 and a bad batch of DI water from CCFPD was used during testing. Materials were properly disposed

**Additional Required Items: Bill of Lading, Request for Invoice, and Site Safety Plan**
