The public will have opportunity to comment on a report from a third-party consultant on a Screening-Level Human Health and Ecological Screening Risk Assessment associated with a spent catalyst release from the Martinez Refining Company (MRC) which occurred between November 24-25, 2022.

The 45-day comment period is opening on August 28, 2023, and then closes on October 12, 2023.

We will be posting the report on our website soon – in advance of when the public comment period opens.
