CUPA Fee Changes

HWG

Introduction of new category and fee for Very Small Quantity Generators

HMBP

Shifted from number of employees to number of chemicals

CaIARP

Changed entire methodology based on time with an add on for risk.

Community Warning System (CWS) Fee Changes

- Current Fee Structure collects ~50% of the current cost to Operate the CWS
- Methodology has been changed in how cost are distributed.
- Base fee has been introduced.
- Proposed Fee Structure allows for 100% cost recovery.
- A higher share of the cost is given to those who are higher utilizers.
- Charged to facilities that are high risk

Next Steps

- Answer questions and hear all your feedback
- August 13th: Present the New Fee Proposal to the Board of Supervisors for their review and approval.
- New fees to go into effect upon board approval
