VI. Should the Contra Costa County Mental Health Commission recommend the BOS send a letter of support for SB 1113 as proposed?

Cynthia read a summary of the bill to the group. She felt that the bill is very good overall but the only concern Behavioral Health has with the bill is related to the competitive grant process, that some school districts might not get the funding they need.

Supv. Andersen suggested that we could send a statement that we would support the bill provided it is amended to address our concerns. Since this bill is consistent with existing policy, she offered to draft a letter to send it to the CAO’s office for them to sign, as she felt that was the simplest solution.

Summary of Discussion:

Commissioners asked how many local educational agencies would be involved and whether private and charter schools are included in this, and voiced a concern that some school districts would need to be monitored very closely. In response to a question about the County’s capacity to provide these services in conjunction with private schools, Cynthia indicated that she has already asked for that information and will bring that answer back to the Commission when she has that information.

VII. Approve and Accept Final White Paper Draft and Presentation Materials Before Presentation to the Board of Supervisors

Summary of Discussion:

This white paper has been worked out with Behavioral Health Division. If the Commission votes to approve it, Lauren and Barbara will present it to the Board of Supervisors. They will have a 5-minute limit for the presentation time. Candace clarified that there is no public comment on presentations and that if a member of the public has a comment on a presentation item, they should do so during the general Public Comment period on the agenda. There will also be opportunities for public comments at future presentations to different entities.

Doug made the motion, seconded by Greg, to have the White Paper presented to the Board of Supervisors at the September 13th meeting. The motion passed by a vote of 10-0-1.
### Vote:
- Ayes: Supv. Andersen, Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Tess
- Nays: None.
- Abstain: Sam.
- Absent: Barbara, Gina, Lauren

### VIII. Accept Six-Month AOT Progress Report

Warren summarized his written report, a copy of which was included in the packet. He noted that there will be another presentation and more public comment time available on the report when he presents it to the Family and Human Services Committee, which he anticipates will be on September 12.

**Summary of Discussion:**

- Initially some criminal court judges were trying to order AOT, and Judge Austin has been educating those judges to clarify the specifics of the AOT court process.
- The feedback on the program has been overall positive from family members and from one consumer during her 60-day review.
- There is not yet enough of a sample size to be able to do any analysis or interpretation of any data yet.
- The majority of people referred so far are probably dual-diagnosis.
- The volume so far appears to be appropriate for the beginning stage of the program.
- MHS has made presentations to police departments, mental health clinics, local CBOs, the Probation Department, and NAMI.
- One consumer is about ready to graduate from the program.
- The investigation process is taking 2-6 weeks depending on things such as availability of the requestor for further information and trying to locate homeless or vagrant consumers.
- MHS allows at least 6 weeks of outreach to try to convince the consumer to get treatment voluntarily before a petition would be submitted.
- If a referred individual does not appear for their first court date, the judge reschedules for about two weeks in the future.
- There is somewhat of a challenge to ensure that the County and the contract providers provide a consistent message to MHS.
- The one individual who was noted as being institutionalized was someone who already had a criminal court proceeding in process and was institutionalized for their criminal charge.
- Referred individuals who do not meet criteria for AOT are required to be referred to other services that are appropriate for them.
- Suggest more public awareness efforts via public service
announcements on mass media and maybe even churches.

- Greg made the motion, seconded by Doug, to accept the report. The motion passed by a vote of 11-0-0.
  
  Vote:
  - Ayes: Supv. Andersen, Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
  - Nays: None.
  - Abstain: None.
  - Absent: Barbara, Gina, Lauren

**IX. Accept Behavioral Health Director’s Report**

Cynthia did not have a formal report, but Cynthia reported that the investigation of Mental Health Systems has been completed and no legal issues were presented, although an audit was recommended and is being done by Health Services Finance.

**Summary of Discussion:**

Duane reported that there is a Denny’s in El Cerrito who is getting an influx of homeless people and people with mental health issues every night, and the restaurant staff are afraid to call about it. Cynthia has already reported this to the Homeless Program, who is investigating what they can do about it, as presently there is no outreach during evening hours.

- Greg made the motion, seconded by Doug, to accept the report. The motion passed by a vote of 11-0-0.
  
  Vote:
  - Ayes: Supv. Andersen, Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
  - Nays: None.
  - Abstain: None.
  - Absent: Barbara, Gina, Lauren

**X. Accept and Review Public Comment Input given at the MHC Public Hearing on the MHSA 3-Year Plan**

Warren provided copies of the 2016-2017 Plan Update. He outlined the Public Hearing and response process. He noted that CPAW will hold one annual public Community Program Planning Process (CPPP) meeting in each region of the County at the time of their October, November, and December CPAW meetings. He welcomed those with concerns to come to the CPPP meeting in their region and provide their input.

**Summary of Discussion:**

Some individuals who made public comments at the hearing claim they have not gotten a written response. Behavioral Health has a log of a
written response being sent to everyone and confirmed that they were sent, and they will re-send written responses to those individuals who did not get written responses.

Doug made the motion, seconded by Tess, to accept the report. The motion passed by a vote of 10-0-0.

Vote:
Ayes: Supv. Andersen, Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
Nays: None.
Abstain: None.
Absent: Barbara, Gina, Lauren

Sam, Connie, Diana, and Duane volunteered to serve on the committee. Some of the new Commissioners may also volunteer once the dates are firmed up.

Vote:
Ayes: Supv. Andersen, Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
Nays: None.
Abstain: None.
Absent: Barbara, Gina, Lauren

### XII. Direct Committees re: Preparation of 2016 Annual Report

Duane instructed the Commissioners on the need to prepare their reports for the 2016 Annual Report. This was suggested as a topic for the retreat. A deadline will be set after the retreat.

### XIII. Review Preparation for Upcoming Retreat

No questions or topics were submitted since the last meeting. Duane went over what the retreat will cover. He reiterated that Supv. Andersen offered to provide lunch through a fund of private donations, and she needs to know how many people will attend. Duane polled the group as to who knew they were going to be attending. He indicated it is open to the public, but the public would need to bring their own lunch.

### XIV. Approve Revised Mission Statements from Justice Systems Committee and MHSA/Finance Committee

Teresa pointed out that the term, “the mentally ill,” from the
MHSA/Finance Committee mission statement, is not a politically correct term, and suggested it be revised to, “people with mental illness.” The Commission agreed to revise the statement.

- Doug made the motion, seconded by Diana, to approve the revised mission statements as amended. The motion passed by a vote of 10-0-0.
  
  **Vote:**
  Ayes: Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
  Nays: None.
  Abstain: None.
  Absent: Barbara, Supv. Andersen (who left the meeting before the vote), Gina, Lauren

**XV. Develop a Process for Creating a Revision of the MHC Brochure**

Adam suggested moving this item to the Executive Committee and then doing an Ad Hoc Committee from there so two people could work on it. Cynthia offered to contact the Health Services Community Education and Information Office for the Committee to ask them to provide their input.

- Diana made the motion, seconded by Doug, to move this agenda item to the Executive Committee. The motion passed by a vote of 10-0-0.
  
  **Vote:**
  Ayes: Connie, Diana, Doug, Duane, Greg, Jason, Meghan, Michael, Sam, Tess
