

MHSA Advisory Council 2023

Mission and Purpose

The primary purpose of the Contra Costa County MHSA Advisory Council is to provide input and recommendations to the Behavioral Health Services Director / Executive Leadership regarding the development, prioritization and evaluation of MHSA funded programs and initiatives.

California Code, Welfare and Institutions Code - WIC § 5848

(a) Each three-year program and expenditure plan and update shall be developed with local stakeholders, including adults and seniors with severe mental illness, families of children, adults, and seniors with severe mental illness, providers of services, law enforcement agencies, education, social services agencies, veterans, representatives from veterans organizations, providers of alcohol and drug services, health care organizations, and other important interests. Counties shall demonstrate a partnership with constituents and stakeholders throughout the process that includes meaningful stakeholder involvement on mental health policy, program planning, and implementation, monitoring, quality improvement, evaluation, and budget allocations. A draft plan and update shall be prepared and circulated for review and comment for at least 30 days to representatives of stakeholder interests and any interested party who has requested a copy of the draft plans.

Committee Member Roles and Responsibilities

Represent the views of their constituency group as a whole rather than their individual or agency agenda(s). The MHSA Advisory Council is not a place to advocate for funding for an individual entity or organization, nor does it mean that attendance will guarantee funding. The MHSA Advisory Council meetings are intended to be a safe place for members to voice their concerns and share input in order to increase access and reduce barriers to services for underserved / unserved groups or members of their constituency.

Children & Youth Behavioral Health Initiative (CYBHI)

- ❖ Five-year initiative to reimagine and transform how California supports children, youth, and families

- ❖ 4.7 Billion

- ❖ Managed by California Health and Human Services Agency (CalHHS) and spanning several of its departments
 - ▶ Department of Health Care Services (DHCS)
 - ▶ Dept of Health Care Access and Information
 - ▶ Dept of Managed Health Care (DMHC)
 - ▶ California Department of Public Health (CDPH)
 - ▶ Office of the Cal Surgeon General (Ca-OSG)

Goal of the Initiative

The goal of the **Children and Youth Behavioral Health Initiative** is to **reimagine** the way behavioral health support is provided to **all children and youth in California**, by bringing together **support systems** to create an **ecosystem that fosters social and emotional well-being and addresses the behavioral health challenges** facing children and youth

The initiative will take a **whole system approach** by creating **cross-system partnerships** – involving stakeholders from the various systems that support children and youth behavioral health – to ensure that **the reimaged ecosystem is children and youth centered and equity focused**
