

Pineapple Upside-Down Cake

½ cup butter

1 cup brown sugar

1 can pineapple slices

Maraschino cherries (no stems)

1 box yellow cake mix

Preheat oven to 350

Melt butter and pour into 13x9-inch pan

Sprinkle brown sugar evenly over melted butter (add extra if you like)

Place pineapple slices over the brown sugar (save juice for the cake)

Place cherries in center of pineapple slices

Make cake as directed on box, but substitute the water for the pineapple juice

Pour cake batter over pineapple and cherries

Bake cake for about 45 minutes

Run knife around the side of the cake to loosen it

Place another pan (baking sheet) upside-down over top of cake, flip them over

Let sit for 5-10 minutes, then lift pan off cake

Serve warm or cooled (personal favorite is warm with a scoop of vanilla ice cream)
